## VIOLIN-PIANO TEAM WILL GIVE CONCERT HERE

The violin-piano team of James de la Puente and Herbert Steiss will present the third and final concert of the season next Tuesday evening at 8:30 o'clock, in Christ Chapel, under the sponsorship of the Gettysburg Concert Association.

Violinist de la Puente and pianist Steiss are two of the younger artists, but both have had previous tours, solo and as a team. Both have had New York recitals, and have impressed the critics there.

James de la Puente was born in New York and raised in Georgia. He graduated from the Juilliard School of Music, New York, and toured as a solo performer. Among his appearances are those with the New York City and St. Louis symphonies. His New York Town Hall debut was applauded for its "brilliant technique, warm and large tone, and excellent musicianship."

**Degree In Music**

Herbert Steiss is a native of New York City, and holds a degree in music from City College. Of his 1950 Carnegie Hall debut, one critic said, "He quickly demonstrated a real talent for the keyboard." Others praised the "polished technique" and "assurance and real brilliance of his performances." He recently returned from a tour of Europe.

A de la Puente-Stessin program usually offers a wide variety of serious music, including examples of the classic, romantic, and modern periods. A number of shorter works, rather than a few longer ones, has been their preference in the past.

## Uses Newspaper Advertisements Instead Of TV

NEW YORK (P)—Philip Morris & Co., Ltd., in a major change of policy, plans to increase its newspaper and magazine advertising.

"Beginning April 1, Philip Morris is launching its most intensive use of print media in the 23-year history of the brand," says advertising manager Roger Greene.

In line with the new program, the announcement said yesterday, the company on June 27 will end its four-year sponsorship of "I Love Lucy" on CBS television. The company said it will continue its sponsorship and participation in other TV and radio programs.

## WOMEN TOLD OF POISE, CHARM, GOOD GROOMING

Mrs. Fischer, who is a graduate of the Powers Finishing School, said that "In my opinion, no one is utterly without charm. A homely woman can compete with a pretty one if the former is chic in her appearance. Paris is not noted for its beautiful women but its smart women," she said.

"Dare to be smart. Consider the Duchess of Windsor who has worn her hair the same way for nearly two decades. She is considered one of the world's best-dressed women. Take note of your good points. Whatever they are, make the most of them. Develop good habits of grooming and, after awhile, you will perform them unconsciously."

**Need Careful Grooming**

"In developing one's personality and cultivating charm," she said "we can use a lovely woman like Mrs. Clare Booth Luce, United States ambassador to Italy, as a model. She is not only a brilliant woman but she never fails to be feminine in clothes, speech and manner. Her clothes help to bring out her innate charm and they (Continued On Page 7)

## College Receives Grant From Westinghouse Foundation

Gettysburg College has been awarded an outright grant of \$1,500 for 1956 and a like amount in 1957 "to help defray operating costs," according to an announcement today by Dr. Walter C. Langsam, president.

In announcing the gift Dr. Langsam released the following letter he received from A. C. Monteith, chairman of the board of trustees of the Westinghouse Educational Foundation:

"As you know, Westinghouse for many years has had a program of aid to colleges and universities through scholarships, fellowships and professorships, as well as by direct gifts. It is felt that the base of support to higher education should be broadened. The trustees of the Westinghouse Educational Foundation, a Westinghouse Electric Corporation supported charitable trust, are establishing a program of direct gifts to colleges to help defray operating costs.

"I am very pleased, therefore, that your institution has been included among those to receive contributions from the Foundation. Accordingly, we have scheduled a gift of \$1,500 in 1956, and a like amount in 1957, for Gettysburg College.

"The trustees of the Westinghouse Educational Foundation believe that by this plan of contributions, that group is discharging its obligation to higher education so far as inherent limits of scope and finances permit."

MAYOR GOES TO  
ANNAPOLIS FOR  
HEARING ON BILL

The Legislative committee of the Maryland Municipal League unanimously went on record recently opposing Senate Bill 323 and urged all local officials to voice their opposition to the state senators and delegates to the general assembly.

Mayor Raymond Perry, Taneytown, attended the meeting Wednesday afternoon at 4 o'clock before the Senate Finance committee at Annapolis to help fight the bill which calls for reduction of revenue returned to local governing bodies by the state. Mr. and Mrs. Perry attended the meeting at the request of the Taneytown Town Council.

Taneytown would lose about \$1,000 in revenue from the state, according to provisions of the bill proposed in the Maryland State Legislature at Annapolis. It was reported by Henry Reindollar, Taneytown town council secretary. Last year Taneytown received approximately \$13,000 in tax refunds from the state.

Refunds to local communities are made by the state in income, alcohol beverage, franchise and entertainment taxes, among others. Bill 323 calls for a percentage reduction of these taxes.

At a special meeting called by Russell T. Smith, mayor of Cambridge, league members discussed the consequences the bill would have on the distribution of state collected revenue. Members of the league agreed that the bill would result in serious revenue losses and would have to be made up at the local level by additional taxes.

The legislative committee recognizes the seriousness of the state's financial situation but nevertheless felt it was distinctly unwise to attempt to solve the state's financial problem by transferring it to local towns.

SENTENCE TRIO  
IN JAIL BREAK

Three prisoners in the Cumberland County jail, Carlisle, who tried vainly to dig their way out on Jan. 5 learned Tuesday at a session of court in Carlisle that, in addition to their ineffective labor, they must each serve from nine to 18 months in the same jail for their endeavor to escape.

The additional jail sentences were imposed by President Judge Dale P. Shughart and Judge Mark E. Garber after the three entered guilty pleas on charges of prison breach and conspiracy.

Judge Shughart imposed the sentence on Charles Grant Horn, of Franklintown, who since the escape try, started serving a term in White Hill Industrial School. Horn will return to the county jail to serve nine months after finishing the term at White Hill.

Judge Garber sentenced the other two, Charles Herman Rhodes, of Arizona, and Jack Eugene Metzger, of York Springs. District Attorney Clinton R. Weldner told the court the three first tried to dig through the wall of Horn's cell and later tried to dig their way out of Metzger's cell. They gave up at both places when they found the wall too thick.

## FORFEITS BOND

Constable Herbert Hemler, Midway, forfeited \$10 bond posted for a hearing on charges of disorderly conduct Tuesday night before Justice of the Peace William Y. Nail Jr., Hanover, when he did not appear. Hemler was arrested Sunday night by Hanover borough police after a disturbance at the Eagles Home, Hanover.

## REFEREE STOPS MACIAS AS HE FLOORS HIS MAN 4 TIMES TO WIN

SAN FRANCISCO (P)—Raul Macias of Mexico, who took more punishment from his fervent fans after it was over than he did from Thailand's Chamren Songkritrat while he was winning it, is the world bantamweight boxing champion today as far as the National Boxing Assn. is concerned.

Macias won the title, which the state of California firmly refuses to recognize, with a blistering two-fisted assault that caused Referee Fred Apostoli to stop the one-sided scrap at 2:38 of the 11th round last night at the Cow Palace.

**Mauled By Happy Fans**  
A flock of screaming Mexicans clambered into the ring after it was over. Police were unable to stop the mad scramble. Macias, "Little Mouse" to his compatriots, was swallowed up in the blustering throng, to emerge moments later perched askew on willing shoulders.

Anyone who thought bantamweights lacked punching power received as rude a jolt as the Thailander last night. Macias, using a lightning left hook and jab mixed with a bruising right, had Songkritrat on the floor four times, twice in the sixth round and twice more in the 11th.

Macias, unbeaten in 12 pro fights, was in full charge all the way. He lost only one round, the first, on all three cards. Apostoli had it scored 60-50 through the 10 full rounds, Judge Jack Downey 63½ to 46½, and Judge Eddie James 61½ to 48½.

Each weighed 117½.

## HORNETS LEAD LOOP BY POINT

By THE ASSOCIATED PRESS  
The Pittsburgh Hornets, who finished fourth last season, held a one-point lead today in the tight American Hockey League race.

Pittsburgh moved back into first place last night by defeating the Hershey Bears 4-2. The victory enabled the Hornets to gain the lead over the Springfield Indians.

Ray Timgren, former Toronto Maple Leaf forward, scored two Hornets goals, one in the second as the Hornets tallied three times.

Norm Corcoran's goal in the middle of the final period deprived little Gil Mayer of his fourth shut-out of the season. With less than one minute remaining Obie O'Brien tallied the second goal for the Bears.

The victory gave Pittsburgh the Pennsylvania Cup in their annual battle with Hershey, the Hornets winning eight games while losing seven and tying one.

## TIGERS CAPTURE IVE LOOP TITLE; PLAY LA SALLE

By SHELTON SAKOWITZ

The Associated Press  
Princeton rooters celebrated the Tigers' Ivy League basketball championship today and the automatic berth in the NCAA Tournament that goes with it. But there jubilation may be short-lived for tomorrow Princeton plays defending champion LaSalle in the regional playoffs at Philadelphia.

Princeton put on a second-half surge to crush Columbia 86-69 last night in a league playoff at Rutgers in New Brunswick, N.J., ending the closest Ivy race in the league's 53-year-old history.

The Tigers, Columbia and Penn finished the season in an unprecedented triple tie, each with a 10-4 record. Columbia disposed of Penn in the first playoff game Monday.

Princeton's Hal Haabestad and John Devoe scored 28 and 22 points with superb jump shooting. Chet Forte, Columbia's 5-9 sophomore, kept the Lions in the game with a 19-point output before the Tigers' defenders stopped him cold.

### WIN 7 OF LAST 8

The Tigers, who received a first-round bye in the NCAA Tournament, have won seven of their last eight starts La Salle, which downed West Virginia 95-61 Tuesday, has won 10 straight.

Canisius and Villanova clash in the other NCAA regional game at Philadelphia. Double-headers also will be held at Evanston, Ill.; Manhattan, Kan.; and Corvallis, Ore., tomorrow and Saturday.

Eight teams were eliminated in first-round games Tuesday and the field now numbers 16. The regional playoffs will trim the field to four for the semifinal and finals at Kansas City March 18-19.

HARRISBURG—Dr. X, gigantic masked matman, will make his belated Harrisburg debut Friday night when he meets Jack Witzig, of Eau Claire, Wis., the main event of Promoter Bert Bertolini's weekly wrestling show in Madrid Palestra.

Dr. X was scheduled to make his capital city debut last week but inability to make plane connections from Norfolk, Va., erased his scheduled meeting with Larry Hamilton.

Johnny Huzvar, a hometown product, who earned football fame with the Philadelphia Eagles and the Baltimore Colts in the National Football League, will make his pro wrestling debut in the semi-feature engagement. His opponent will be Jack O'Reilly, of Australia.

In supporting tugsfests, Brother Frank Jares, who defeated Fred Blassie in last week's main event, will take on Dick Bishop and Tinker Todd will trade holds with Herb Larson, transplanted Texan who now makes his home in Buffalo.

Head coach George Sauer said Owen would assist with the players on the field and lecture on defense.

### STEVE OWEN WILL ASSIST AT BAYLOR

WACO, Tex. (P)—"Stout Steve" Owen, inventor of football's umbrella defense and former coach and player with the New York Giants, just can't stay away from the gridiron. He has been added to the staff of Baylor for spring training.

Owen played with the Giants six years and coached them 23 years. His teams won nine Eastern and three world pro championships.

### SOMERSET WHIPS BEDFORD

At the same time in Dist. 5, Somerset whipped Bedford 62-58 to take over the title won last year by Berlin, which was out of Class A competition this year.

Other Class A championships now decided include Coal Twp., Dist. 4 and South Hills, Dist. 8.

Tonight Sharpsville and Erie Strong Vincent meet for the Dist. 10 crown. The winner will be the first new champion in the area since 1951, when Meadville took the title for a four-year stint.

The title in Dist. 2 will be decided Saturday when Nanticoke and Scranton Central meet.

Tonight's Greensburg-McKeesport game will leave Farrell with a formidable opponent in the Dist. 7 Class A finals.

### STEELERS ARE UPSET

McKeesport in early season ratings was heralded as a prime prospect to take the title while Greensburg was the only team to beat Farrell in regular season play.

Greensburg upset the Steelers 68-65 in their second meeting of the campaign although they dropped their first contest 62-50.

A crowd of 4,660 at Pitt Field House in Pittsburgh saw Farrell hand Midland its first loss in 17 games last night. It was Farrell's 14th consecutive win.

Carley Kemp paced Farrell with 19 points while teammate Jim McCoy had 18. Harriell Horace and Herb Lake scored 16 each for Midland.

Farrell took a 13-9 first period lead but was ahead only 30-28 at halftime. Early in the third period, Midland went ahead 34-32 but the Steelers fought back to take the lead at the end of three quarters.

### PIRATES TURN TO HELP FROM SMITHS

PITTSBURGH (P)—The Pittsburgh Pirates listed three players named Hall last spring. This spring they will have three Smiths at the training camp at Port Myers, Fla.

Infielder Dick Smith hit .294 at Hollywood in the Pacific Coast League in 1954. Outfielder Paul Smith hit .321 with Havana in the International League and outfielder Earl Smith hit .387 with Phoenix in the Arizona-Texas League.

## 8 CHAMPIONS WEATHER CAGE PLAYOFF TILTS

HARRISBURG (P)—Only eight defending district champions in Class A and B PIAA basketball competition have weathered playoff games as lines are drawn for final contests in most areas.

Heading the pack of quintets aiming for repeats on their 1954 honors are Class A state champion Farrell and runnerup Chester.

Farrell, however, was forced to the limit last night in squeezing out a 56-54 victory over a good Midland club in semi-final play of Dist. 7 (WPAL).

At the same time, Chester trounced Yeadon, the 1953 state champion, 65-50, in a Dist. 1 semi-final. Chester will meet Lansdowne, winner over Pottstown last night, 70-60, for the district crown on Monday.

Farrell, meanwhile, must play the winner of tonight's Greensburg-McKeesport game. The district final will be held next Wednesday.

Another remaining Class A district king in final action to retain its crown is Johnstown, meeting Altoona tomorrow in Dist. 6. Kane, of Dist. 9, secured its title weeks ago by capturing the Northern Tier League flag.

### UPSET VICTORY

Meanwhile, in Class B, Fountain Hill upset defending champion Schuylkill Haven 68-56 to capture the Dist. 11 crown.

Other B champions seeking to keep their district crowns include: Ridley Park, facing Unionville tomorrow for the Dist. 1 title; Ashley meeting Fell Twp. Friday in Dist. 2; Athens, meeting Montoursville tonight in Dist. 4, and Mercer, taking on Girard tomorrow for the Dist. 10 title.

Two new Class A district champions were named last night to bring to five the number of area titles decided.

In Dist. 3, Reading won the area crown by defeating Manheim Twp. 76-45. The new titlist replaces Chambersburg, the 1954 winner.

### FAIN RAPPED LONE INSIDE HOMERUN

CHICAGO (P)—While playing for the White Sox last year, Ferris Fain smacked a unique base hit. He walloped the only bases-loaded, inside-the-park home run of the American League season.

The incident occurred on June 16 against the Athletics. Outfielder Bill Wilson of the A's missed a shoe-string catch and the ball rolled to the fence. Fain and three base runners scored on the blow.

## Gromek Succeeds In Contract Raise

DETROIT (P)—Pitcher Steve Gromek says he and the Detroit Tigers didn't see eye to eye on his 1955 contract. "I told them I won 18 games last year," Gromek mused. "You know what they told me? 'You lost 16 games!'"

A few days later Steve could be seen with a big grin waving his newly signed contract.

## Oldest Pittsburgh Star Paid Highest

PITTSBURGH (P)—Outfielder Sid Gordon, 36, the oldest man on the Pittsburgh Pirates roster, is also the highest paid.

Gordon's contract calls for an estimated \$27,000—about a \$2,000 boost over last year.

Gordon was the only Pirate to have better than a .300 average last season. He hit .306.

## YORK FAVORED IN SWIM MEET

HARRISBURG (P)—York High School, fresh from a smashing victory in the eastern regionals, is favored to bring the Pennsylvania Interscholastic Athletic Assn. swimming championship back east Saturday.

The Bearcats will be out to regain the team title they lost last year to Erie Strong Vincent despite the fact the York won both high-scoring relay events.

Scene of the 21st annual PIAA swim is Pennsylvania State University.

Strong Vincent was nosed out by Pittsburgh South Hills in the western regionals last week by a margin of 1½ points. York's score in the eastern meet at Lancaster nearly doubled that of Coatesville, its nearest rival.

Sharing the spotlight with the team battle for honors will be expected record assaults by Bob Griffin, Pittsburgh Schenley, in the 100 yard breaststroke, and Charley Bechtel, York, in the 200 yard free style.

## Recheck Reveals Cage Game Draw

PELHAM, Ga. (P)—It's no typographical error that Pelham High School's 1954 basketball record reads 19-10-1. Coach E. L. Ranley explains:

"We played Meigs and when the game was over, the scoreboard showed Meigs winning, 58-57. Then we made a routine check of the scoreboard and it showed a tie. By then the fans were gone so we said the heck with it, and it stands as the only basketball tie I ever saw."

eclipsed the PIAA mark. In winning the western title last Saturday he went the distance in 1:02.2, or 1.1 seconds under the record set by Bill Schmidt, York, back in 1942.

Bechtel, veteran freestyler for the Bearcats, negotiated the 200 yard distance in 2:02.0 in the eastern meet—just 1.4 seconds behind the 2:01.6 mark established by Joe Robinson in the 1953 PIAA meet.

There's even more to  
Chevrolet styling  
than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up where they can be seen for safety's sake.

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

## Carlisle Ace Leads Poll In All-Star SP Choices; Favor Top Point Scorers

Five schools are represented on the first team of the official All-Star South Penn Basketball squad chosen by members of the South Penn Sportswriters Association and coaches of the nine teams.

Clyde Washington, Carlisle junior and outstanding performer for the 1955 champions, polled the largest number of votes, 66, to win the honorary captaincy.

Bob Forry, Hanover sophomore, who shattered several league scoring marks and set a new point record of 390 tallies, drew 63 votes.

Two seniors selected to the first team, Tom Reid, Middletown, and Bill Kristich, Hershey, each collected 61 votes.

Completing the first string outfit is Carroll Hartle, a junior from Waynesboro, with 51 votes. Hartle set a new league record in converting 114 fouls.

**Trojans Top Choices**  
Chambersburg, first-half titlist who were dethroned as league champs in a playoff with Carlisle, placed two on the second team and gained three honorable mentions to lead all schools in selections.

The second team is composed of Frank Wyrick, Shippensburg; Jack Barbieri, Carlisle; Charles Barnhart and Sidney Wells, both of Chambersburg, and Earl Kohlhaas, Mechanicsburg.

Gettysburg, who did not win a league game for the first time in history, was the only school failing to gain recognition in the selections.

Members of the first team turned in the following league scoring performances during the past season: Forry, 390; Hartle, 316; Reid, 308; Washington, 274, and Kristich, 263. Wyrick, who was the second high scorer and who was placed on the second team, landed 323 tallies.

## Bonelli Resigns As Delone Coach

Eugene Bonelli, coach and athletic director at Delone Catholic High School, McSherrystown, has submitted his resignation to the Board of Pastors of the school.

In announcing the acceptance of the resignation, the Rev. Fr. William R. Lyons, school principal, said it will become effective at the end of the present school year. He also announced he will accept written applications for the position.

Bonelli's football team had a 2-6 record and the basketball squad 6-16. A year ago he served as assistant to John McMahon who resigned to take another coaching position in New York State.

## SAYS PAY BOOST FOR TEACHERS NOT PRACTICAL

HARRISBURG (P)—Rep. Albert S. Readinger, House Democratic leader, said today he believes in better pay for teachers but that he isn't sure a new salary schedule before the House is practical.

"I'm all for giving our teachers adequate pay but I'm unsure whether this program is feasible right now. I'll have to take a good look at it," he added, referring to proposals offered the House yesterday.

The new plan would give teachers a \$400 raise in the 1955-56 school year and would lift the minimum salary from \$2,400 to \$3,000. The changes would be in addition to a \$200 yearly salary increment already provided for in the law.

**May Boost Subsidies**  
The new salary suggestions, including a proposal to boost state subsidies to school districts for the next five years to finance the pay increases, are supported by the Pennsylvania State Education Assn. The group represents 60,000 Pennsylvania teachers.

"There is no turning back on education now," Readinger said. "Pennsylvania's per capita expenditure on education is below that of 12 or 13 states. We need more school buildings, more teachers and more of everything concerning schools."

"We must pay an adequate wage to our teachers. The average teacher today doesn't receive pay compatible with that received by others in other skilled occupations with the same experience," he said.

**Introduce Two Bills**  
Two bills calling for the higher salaries and subsidies were introduced yesterday and referred to the House Education Committee. They were sponsored by Reps. Julian Polaski (D-Erie), Earl E. Hewitt (R-Indiana) and Evelyn G. Henzel (R-Montgomery).

Harvey E. Gayman, PSEA executive secretary, said he had "no idea" what the raises would cost

the state. But Readinger said that PSEA told him they would prob-

ably cost 70 to 80 million dollars for the two years beginning June 1, 1964.

"That would be in addition to the 90 millions additional revenue it is expected we'll need in those years to take care of other needs."

years to take care of other mandated educational costs," Readinger explained. "That would mean finding an additional 160 million or so just for education."

## Mt. St. Mary's Cage Squad Rated Greatest In History; All But One Mark Shattered

Statistics support the fact that the 1954-55 Mount St. Mary's basketball team was the greatest in Mountaineer history. The Mountaineers posted the greatest number of wins in their history with a 23-4 overall record, put Mason-Dixon Conference championships back to back and cracked every school mark except one. In addition, three Mountaineers, Jack Sullivan, Sal Angelo, and Eddie Bals, were named to both the All Conference and All Tourney teams. Sullivan led the state scorers with 668 points for a 25.5 game average.

In scoring 2,552 points in their 27-game schedule, the Mountaineers averaged 94.5 points per game to 72 points per game for the opposition.

**School Marks Set**  
The following Mount St. Mary's records were smashed by the current Mountaineer squad:

Gym scoring record 202 points, Mount St. Mary's 141 vs. Washington College 61, replaced the old record of 187 points, set against Baltimore University in 1954; new team high 141 points vs. Washington College replaced old record of 111 set against Baltimore University in 1954; individual high 44 points, Jack Sullivan, vs. Baltimore University 1954; was tied twice by Sullivan against St. Peter's and Baltimore University; high season total of 2,122 set in the 1950-51 campaign was broken by this year's 2,552 total; individual career total of 1,230 set by Pete Clark was broken by Sal Angelo's 1,235; one year high of 566 set by Cosgrove in 1950-51 was broken by Sullivan's 688; two year high of 840 set by Sal Angelo was broken by Sullivan's 1,119.

The Mountaineers also smashed

five individual Mason-Dixon Conference records and one team record. Individual tournament marks set by sophomore Jack Sullivan are: most points per game, 44; most field goals one game, 16; most points one half, 25; most points, tournament, 94; most free throws, tournament, 30; most team points, tournament, 297.

Jack Sullivan, star scorer for the Mountaineers for the second year in a row, was named to both the Mason-Dixon All Conference and All Tourney teams. In addition, Sullivan was named to the Jersey City Army All Star team and voted player of the year in the Jersey City area for his 44 point effort against St. Peter's College. Sal Angelo, senior center, for the third time running was named to both All Conference and All Tourney teams. Ed Bals, making his first appearance on All Tourney and All Conference teams was named to the second Jersey City Army All Star team. Sullivan also received honorable mention on the All American team picked by the Brooklyn Tablet.

Much of the credit for the success of the Mountaineer outfit must go to Coach Jim Phelan, former La Salle star, who in his first year as head man of the Mountaineers turned in the championship job. Things are bright also for next season since Phelan loses only one regular and one reserve from this year's 13-man squad.

In posting 23 wins the Mountaineers knocked off St. Francis of Loretto holding All American Maurice Stokes to seven points, Georgetown, St. Peter's, and St. Francis of Brooklyn. Only the Quantic Marines beat the Mountaineers in convincing fashion.

**Coed Jayvees Lose Final Cage Game**  
The Gettysburg College girls' junior varsity basketball cagers dropped a 46-42 decision to St. Joseph's of Emmitsburg here Wednesday in closing their season.

It marked the lone defeat for the local jayvees who had previously won seven straight.

## DECLARES U.S. IS DEPENDENT ON ITS ALLIES

By ED CREAGH

WASHINGTON (AP)—John J. McCloy, board chairman of the Chase National Bank, said today the United States is becoming economically more dependent on its allies "as the free world grows stronger."

McCloy, former U.S. high commissioner for Germany, told the Senate Banking Committee this trend works the other way too—that other Western countries increasingly need the support of the American economy.

The committee, headed by Sen. Fulbright (D-Ark.), called McCloy and Marriner S. Eccles, former Federal Reserve Board chairman, as today's witnesses in its week-old "friendly study" of the recently zig-zagging stock market.

Share prices dropped sharply on the New York exchange for the second day yesterday although a fairly broad recovery followed.

Fulbright rose by his contention that the Senate inquiry didn't cause the price break.

McCloy was asked to testify about the impact of foreign participation in the American stock market. His reply, in prepared testimony, was that it's not very great and appears to have been "At the end of 1953," he said, "foreigners were reported by the Department of Commerce to hold U.S. stocks, common and preferred, valued at \$3,400,000,000. This was equal to only 2.9 per cent of the total value of stocks listed on the New York Stock Exchange."

European Output Rises

McCloy said industrial experience of 1953-54 casts doubt on a widely held belief that "even a minor recession in the United States would set in train a downward spiral in the economies of other nations which they could not avoid."

While American production dropped as much as 10 per cent, McCloy said, Western Europe's output rose 7 per cent and "it was the strength in demand from Western Europe that took up the slack in raw material markets and did so much to hold prices stable."

He said, however, that the out-

The Grand Canyon, always a great spectacle, is relatively uncrowded now and is particularly worth visiting for that very reason. To motorists heading for Southern California or the Southwestern resorts, a stop at the Canyon can be a vacation highlight.

A travel writer for the American Automobile Association recently stopped off at the South Rim of the Canyon, 57 miles north of U.S. 66. Unlike the colder North Rim, he learned it is open all year and that winter temperatures rarely go below freezing, and sometimes range up to 83 degrees.

In contrast to the summer, when as many as 5,000 persons daily crowd the rails, observation points and rim drives, sightseeing facilities are at their best in winter and spring and hotel accommodations readily available. Famous El Tovar Hotel and Bright Angel Lodge and cabins form a colorful cluster at the brink of the mile-high chasm.

**Two-Days' Visit**  
It is a good idea to spend at least two days at the Canyon. That way the visitor has time to do more than just the Rim drives. There are, for example, exciting mule trips down into the Canyon itself which make it possible to see the "great gully" in a different perspective, that is from the bottom up.

One of these trips visits Phantom Ranch at the Canyon base. The climate there is similar to the Arizona desert and there are swimming pool, trout streams and come undoubtedly would have been different if the United States during that period had not continued to "provide the rest of the world an extra lift in the way of supplies and financial aid."

"The fact is," he said, "that even as the free world grows stronger, it grows more interdependent. We need the help of other lands for raw materials, markets and mutual defense; and they need the support of our economy if they are to achieve stability and a satisfactory rate of economic progress."

## AF JETS FLY ACROSS U.S. UNDER 4 HRS.

NEW YORK (AP)—Three Air Force F84F Thunderstreak jets have broken the Los Angeles-to-New York speed record, making the flight nonstop in less than four hours.

First of the three to flash across the finish line at Floyd Bennett Field yesterday was piloted by Lt. Col. Robert R. Scott, 34, of Des Moines, Iowa. Scott averaged about 649 m.p.h. in his time: 3 hours 46 minutes 33 seconds.

Second was Maj. Robert C. Ruby, 32, also of Des Moines, 3 hours 47 minutes 33 seconds.

Third was Capt. Charles T. Hud-

son, 33, who took 3 hours 49 minutes 53 seconds.

The old mark for the 2,445-mile route was 4 hours 6 minutes 16 seconds set Jan. 2, 1954, by Air National Guard Col. Willard W. Millikan, of Washington, D.C., in an F86 Sabre Jet.

Eight Thunderstreaks took off from Los Angeles International Airport yesterday but five dropped out en route. All landed safely.

The jets were aided by a tailwind of about 90 m.p.h. and were refueled in flight.

**PLANNED RETIREMENT**

PETERSBURG, Va. (AP)—Dr. W. B. McIlwaine, a Presbyterian minister,

has everything planned for his retirement two years hence. He'll write a book about birds. Since 1916 he has been watching birds and keeping notes. He tries to stroll through the woods for an hour and a half daily.

fortable overnight accommodations. The mule trip down is conducted by expert Fred Harvey guides on specially trained mountain mules.

The descent to the gorge brings out the full scope of the Grand Canyon — the rushing waters of the Colorado River, wearing away the rocks of the Canyon as it has for centuries; the multi-colored rock strata, and finally the bloom of fragile desert flowers. As travelers who have made the trip insist, it takes a ride to the bottom to get an intimate appreciation of the Canyon as the world's outstanding example of erosion.

**Harvey-Owned Facilities**

All the hotels, lodges, auto cabin accommodations, sightseeing facilities and other services at the South Rim are owned and operated by Fred Harvey, which offers a wide range of prices starting from \$3 a night. Reservations should be made in advance to Manager Walter D. Rouzer, Fred Harvey, Grand Canyon, Arizona. Motor club members can make arrangements through their club travel bureaus.

The South Rim, at an altitude of 6,896 feet, is easily accessible over good highways throughout the year. There are two approaches from U.S. 66. If you're driving east, turn north on State Highway 64, two miles east of Williams, Arizona, for a 59-mile drive to the hotels. Driving west, turn north on U.S. 89 to State 64. This route is 104 miles on the scenic Navahopi Road and East Rim Drive. A good idea is to go one way and return the other.

## PREPARE FOR CIO WAGE FIGHT

DETROIT (AP)—The bell sounds next week for the opening round in the CIO United Auto Workers' showdown fight for a guaranteed annual wage in the auto industry.

The union announced in joint statements with General Motors and Ford yesterday that "explanatory" talks will be held then—separately with each company.

The GM and Ford talks will cover roughly half a million workers. They will spearhead a drive which the union hopes will win a guaranteed annual wage for more than a million auto workers and perhaps many of the CIO's four million other members.

The UAW is demanding contract guarantees that any seniority work-

er who works any part of a week will be paid for a full 40 hours. He also would be guaranteed a certain part of his full wage for a week when there is no work for him at all.

General Motors' five-year contract with the union expires May 29. The Ford pact runs out June 1. Formal negotiations with the two biggest auto producers are scheduled to begin in early April.

Weiss said he would write his opinions, let someone else read them and that he would communicate with attorneys via the sign language.

### Gets "Doug's" Autograph

Louis Rosensteel is the proud recipient of a letter from General Douglas MacArthur, written by the general himself, thanking him for a birthday card which he sent the general over a month ago. Mr. Rosensteel, who served with the 655 Field Artillery attached to the 24th Division during the Leyte campaign and invasion of Mindanao in the Philippines in 1944-45, saw the renowned commander when he visited that outfit in a rest camp just before they were to take part in the invasion of Mindanao, World War II. He never met MacArthur, personally. Collecting autographs of famous personalities is Mr. Rosensteel's hobby and his collection already boasts such distinguished names as President Eisenhower, Vice President Nixon, former Governor and former Senator Herbert O'Connor, the present governor of Maryland, Theodore McKeldin, and such well-known personalities as Mary Pickford, Buddy Rogers,

## WOMEN TOLD OF

(Continued from Page 1)

add something to her position. We can go far in the business world by giving our clothes and grooming careful consideration. It may mean the difference between success and failure.

The speaker demonstrated how to stand and sit properly, how to hold one's hands quietly in the lap while seated at a restaurant table, and how to take one's place on a lecture platform.

"Believe it or not," she said, "there can be poetry in one's walk. A well-poised person avoids unnecessary movements."

### Cheerful, Self-Pity?

The speaker gave advice on make-up, choice of material and lines in selecting a new dress or suit, advising the women that "the only thing to worry about when buying a garment is the quality of the material and the lines."

In discussing the voice she asked, "Is your speech appealing and filled with cheerful tones or does it reveal self-pity?"

"Aim for sincerity in speaking," advised Mrs. Fischer. "Think it, feel it and you will say it. Speak truthfully, quietly and clearly."

Mrs. Fischer was introduced by Mrs. Charles W. Orem who presided at the meeting of Adams County Federation of Women's Clubs and the session of the Woman's Club of Gettysburg which followed.

Mrs. Luther Ritter, president of the Littlestown Club, submitted the treasurer's report of the county federation. Mrs. Keith Allen, Shippensburg, vice president of the South Central District of Women's Clubs of Pennsylvania, announced that "the district has spent over \$17,000 this year on club activities. Over 39 thousand working hours have been put into the work of the clubs," she said. She announced that the general convention will be held May 23-27 in Philadelphia and that the state convention will be held in Pittsburgh May 2, 3 and 4. She commended the local women on their committee work to clean up the comic book situation here.

### Hold Tea In April

"You women of Gettysburg are fortunate," she said, "to live near the Peace Light which seems to carry out the theme of the general federation, 'You are the light of the world.'"

Mrs. Roger Heimerer was announced as a new member. At the April meeting all new members will be honored at a tea, it was announced. Mrs. Orem advised the women that the Sister Kenney Fund sponsored by the club is still available to the Warner Hospital for use in the physiotherapy department.

The following nominating committee was appointed: Mrs. M. K. Eckert, chairman, Mrs. Donald P. McPherson, Mrs. Edward J. Nowicki Jr., Mrs. Lloyd C. Keefe and Mrs. Raymond F. Topper. The alternates are Mrs. J. Herbert Raymond, Mrs. John S. Rice and Mrs. Earl E. Ziegler.

Mrs. Kenneth P. Hull reported for the comic book cleanup committee in the absence of the chairman, Mrs. Jean Charles. She said that several local stores have been advised of the club's work. Mrs. Wilmer Bream reported that the local needy family adopted by the club last month has been assisted. Mrs. Henry M. ## Go On Honeymoon Without Ten Kids

FT. DIX, N.J. (AP)—It was a snap for Air Force Sgt. William McMichael to figure out how to spend some of his \$1,776 re-enlistment bonus money. He and his wife are going on a belated honeymoon—without their 10 kids.

The McMichaels were wed in 1936, but couldn't take a honeymoon at the time. The wedding trip hopes grew fainter as the size of the family increased.

But then came the bonus of \$1,776 when McMichael—an Air Force veteran of 11 years service—was stationed at McGuire Air Force Base—made up his mind to re-enlist for a six-year hitch.

The bonus was big, but that was due to McMichael's past tenure and the size of his family.

And so a baby sitter will take care of the 10 McMichael children at their home here, while the sergeant and his wife enjoy their 16-year-late "honeymoon" in Atlantic City.

## FIVE CHURCHES CALL PASTOR

After having been without a regular pastor for more than two years since the Rev. Alton M. Leister left for Leighton, the five congregations of the East Berlin Evangelical-Reformed Church have chosen, almost unanimously, and have presented their call to Robert Rezash, who is completing his studies at the Lancaster Theological Seminary.

The young minister preached trial sermons at the churches during February, and the final tabulation of votes was returned during the last week.

Mr. Rezash made his first appearance as pastor when he conducted a Friday evening Lenten service at St. Paul Church, Red Run, using his topic, "Heavenly Treasures." He presided on Sunday over the regular worship.

Mr. Rezash is one of twin brothers from Green Bay, Wis., both seminary students. His brother,

Charles, who came here with him to preach at various services some months ago, has been given a call to a church in Massachusetts.

Charles Rezash will act as his twin's assistant in the five-church charge until June when the newly elected minister will come permanently to East Berlin after his marriage to a Gren Bay girl.

Upon his graduation in June, the new pastor plans to move to the Zwingli Church parsonage in East Berlin.

The churches, in addition to Red Run and East Berlin, are: Mt. Olivet, Bermudian; Emmanuel, Hampton, and St. John, New Chester.

### IKE LOCKED OUT

WASHINGTON (AP)—President Eisenhower got locked out of the White House momentarily today.

He had gone into the rose garden just outside to greet a group of foreign students in this country to study atomic energy technology. When he started to return he found the door had swung shut and locked.

With a grin, the President poked a buzzer button and was admitted.

## Today's Talk

**NEVER LESS THAN THE BEST**  
Honest brand names, or trademarks, often speak volumes. They accompany the character and integrity of the one who first sponsored them. Among the greatest stores and manufacturing plants in the world are those that have lasted generation after generation. The business house that never gives less than the best in its products is sure to succeed gloriously. This same principle applies to all services rendered to the public. The greatest worker is that one who gives never less than the best of all that he has to give.

In my town there is a very successful eating place that is run by a couple — "Fan and Bill"; they call it. This and the one at Miami Beach, Florida, are internationally known, with friends and customers over a good part of the globe. Why? Because they refuse to give less than the best. It must be the best. Newspaper man Paul Brunn, writing of this famous restaurant, said of the pair: "Unless they can excel in any particular dish they will not include it in their menu, thus assuring the guest only the finest." No wonder customers have flocked to their places — many the same ones — for years and years!

I want no one to tell me that full value in business, and integrity, are not the best of investments. They are the safest on earth and keep paying bigger dividends year by year. In fact, such people as "Fan and Bill" in the restaurant business are so inspiring that their example actually stimulates digestion when eating their food. "Never less than the best!" is their motto.

Tomorrow Mr. Adams will talk on the subject: "Returns"

## Just Folks

## THE TYRANT

Uneasy lies the tyrant's head  
He has so many foes  
He fears the slightest word that's said

By one who may oppose.  
And should a subject laugh aloud  
At any little jest,  
Some spy that's lurking in the crowd  
May order his arrest.

His friends he cannot fully trust.  
Suspicious of them all,  
If one he doubts, then soon he must  
Stand at the firing wall.  
The tyrant has to train the youth  
To heed the power of might.  
He lives in constant dread of truth  
And everything that's right.

He lives afraid of church and school.  
The children when they play  
Are taught the tyrant's every rule  
Through life they must obey.  
Since God and freedom he forsakes,  
By every harsh command  
The country men could love he makes  
A most distressful land.

**GREENSBURG, Pa.**—George J. **BURGLARY LEAK**  
**CHICAGO** (AP)—A man called police and said gas was leaking in the basement of a department store. "We were fooling around the basement and broke the pipe," the man said.

Officers found that not only was the gas pipe broken, but 90 suits, 35 overcoats and \$150 in cash had been stolen by thieves who smashed the lock on a rear door.

The Tower of Babel was 300 feet in height.

March 7 (AP)—Led by President Roosevelt, the great and the humble are paying tribute to the memory of Oliver Wendell Holmes, who died early Wednesday.

With full military honors, the jurist will be buried by the side of his wife in Arlington Cemetery on Friday. Had he lived, the day would have been his ninety-fourth birthday anniversary.

## CHINESE ARE EXPECTING RED ISLAND ATTACK

**TAIPEI, Formosa (AP)**—The danger-ridden Formosa Strait marked time today amid unconfirmed Chinese Nationalist reports of Red reinforcements on the mainland for possible assault on the offshore islands.

The English-language China News credited Nationalist intelligence sources with saying the Chinese Reds were moving a new jet air division from Manchuria "to beef up its invasion threat against Free China."

The Defense Ministry said it had heard nothing about this.

The newspaper said a Communist air division has up to 75 planes including MIG-17s, "the latest Soviet improvement on the high-flying, heavily armored MIG-15" which was the main Red air weapon in the Korean War.

Earlier reports had stated the Reds were preparing for expected ground reinforcements in the Poochow area, opposite Formosa. Official Nationalist circles welcomed wholeheartedly Secretary of State Dulles' speech Tuesday night on his Asian tour. They said he made clear that the United States would maintain a strong position against communism in this part of the world and would meet force with force.

Wen Hsueh-lin, a former Communist naval official who deserted to the Nationalists last December, told The Associated Press the Reds were determined to invade Formosa but first would try to seize the offshore islands.

Wen said he was convinced the Communists would try by diplomatic maneuvers to get the U.S. 7th Fleet withdrawn from protecting Formosa, but if this failed they might try a sudden attack on the fleet. They would try this only if they had Soviet Russian air and naval support, he said. In his opinion, Russia would provide this support if political maneuvers fail.

Wen said he was sure the Reds would not dare attack Quemoy and Matsu if convinced the United States would defend those islands.

## PIECE OF WIRE PIERCES BRAIN

**HARRISBURG (AP)**—An 8-year-old boy fought for his life today following an emergency operation for a head wound caused when a piece of galvanized wire penetrated his left temple and entered the brain.

James E. Bennett, of nearby Camp Hill, was knocked unconscious yesterday while playing with companions in Cumberland Park near the construction site of some new homes.

State police Cpl. Joseph C. Branigan said one of the boys was swinging a 1/4-inch thick piece of wire around his head. The strand of the wire slipped from his grasp he said, and struck the Bennett boy in the head.

The lad was rushed to Harrisburg Hospital where Dr. George M. Markley, a neurosurgeon, performed an operation to stem the flow of blood.

Young Bennett was reported in serious condition following the operation.

## House Group Okays Surplus Food Plan

**HARRISBURG (AP)**—A plan to give legal backing to surplus food distribution by county commissioners was ready for initial floor action in the House today after receiving approval of the House Counties Committee.

The bill sponsored by Reps. Robert Wheeler Jr. (D-Fayette) and Edwin W. Tompkins (R-Cameron) is supported by the state Assn. of County Commissioners.

Other bills receiving committee approval Tuesday would: Make available \$880,910 in federal aid for special state institutions for chronically ill persons such as nursing homes.

Defer state payment of 25 million dollars in school subsidies until after May 31.

Require a hearing before a judge could issue a temporary injunction in labor disputes.

## Automation Replaces Lighthouse Keepers

**HART, Mich. (AP)**—Automation is gradually succeeding the lonely lighthouse keeper along the treacherous spots of Michigan's Great Lakes shoreline. The latest lighthouse to become fully automatic is that at Little Point Sable on the Lake Michigan shore. The keeper, Henry Vabrina, has been transferred to the Big Point Sable lighthouse at Ludington.

The 100-foot tower and buildings of the lighthouse were erected in 1874. And for the last 80 years its kerosene mantle type light has been a warning beacon to ships as far as 17 miles out on the lake.

The old lighting mechanism is being replaced by more powerful, fully automatic electrical equipment.

## TIME TO COMPLAIN

**SAN ANTONIO, Tex. (AP)**—City Manager George Rice holds a "Squawk Day" once a week for the average citizen to tell his complaints about city services.

## Extend Bus Service For School Students

**HARRISBURG (AP)**—The Public Utility Commission yesterday authorized the Bucktail Bus line of Renovo to transport school students within 100 miles of Renovo. The Commission granted a request from owner Robert A. Duffield for the additional service because it found that another carrier in the area "does not always" have enough equipment to meet demands.

The supervising principal of Renovo schools told the Commission there are not enough buses available for special student excursion, tour and sightseeing trips.

## MAY ASK BOOST IN U.S. AID FOR FAR EAST AREAS

**WASHINGTON (AP)**—The Eisenhower administration was reported today planning to ask Congress for \$1,200,000,000 to step up by about a fifth the flow of American economic aid to the Communist-threatened Far East.

This sum—some 200 million dollars more than Congress provided last year—would go to buy raw materials, food and equipment for 16 non-Communist countries during the year beginning July 1.

Any proposal to increase nonmilitary aid is certain to face opposition in Congress.

A new feature of the aid program as outlined by informed sources would be a 200-million-dollar Asia loan fund. This would be turned over to President Eisenhower to allocate to groups of Far Eastern countries who join in financing projects to improve the region as a whole.

Foreign Aid Director Harold E. Stassen plans to talk over the Asia aid plan, now being drafted after months of discussion, when he meets Monday with Eisenhower. Stassen, winding up a seven-nation tour of Far East Nations, and Secretary of State Dulles are reported satisfied that the 20 per cent increase in Asia aid funds will permit a start on a long-range program for improving living conditions.

Secretary of the Treasury Humphrey, who has been reported lukewarm to the idea of large-scale aid increases for the region, is also reported to have assented.

## CONVICT TEN PUERTO RICANS

**NEW YORK (AP)**—A federal court jury early today convicted 10 Puerto Rican Nationalist party members of seditious conspiracy after deliberating the case for nearly 10 hours.

An 11th man was acquitted. The group had been charged with trying to bring about the "political independence of Puerto Rico from the United States by force and violence and armed revolution."

Testimony at the trial linked the Nationalist party with the 1950 attempt to assassinate former President Truman and the wounding of five congressmen in the U.S. House of Representatives March 1, 1954. In charging the jury, Judge John F. X. McGohery said it must decide whether the defendants helped in these shootings. If the jury found that the shootings were the isolated act of a few persons unaided by the defendants, the jury could not consider them against the defendants, he said.

The new convictions brought to 27 the number of Nationalist party members who have been convicted of, or pleaded guilty to, seditious charges in the past six months.

As in previous cases, the 10 face up to six years in prison and \$5,000 in fines or both. Sentencing was set for March 31.

**WASHINGTON (AP)**—The House Armed Services Committee has voted 34-0 for a fifth supercarrier and a billion-dollar Navy shipbuilding program for the year ending in mid-1956.

The vote climaxed two days of hearings during which top Navy officials called the giant flatboats "indispensable" to a modern fleet. Some congressmen have called them too vulnerable to atomic attack.

Chairman Vinson said he will send the measure to Congress as soon as possible.

## MRS. J. E. DAVIES GETS DIVORCE

**GOODING, Idaho (AP)**—Mrs. Joseph E. Davies, who accompanied her ambassador husband on his "Mission to Moscow" just before World War II, ended her 19-year marriage to him in this little southern Idaho town yesterday.

Dist. Judge D. H. Sutphen granted a final decree of divorce to Mrs. Marjorie Merriweather Post Davies after she filed a complaint charging the ex-ambassador with extreme mental cruelty.

Mrs. Davies, 68, had been staying in nearby Sun Valley since Jan. 25 to establish residence. She was en route for New York yesterday afternoon.

Davies, 79, was U.S. ambassador to Russia from 1936 to 1938. He told of his experiences in the best-selling "Mission to Moscow."

No property settlement or alimony was involved in the divorce, and the couple had no children by their union. Each had three grown daughters by a previous marriage.

## TRUCKER IS KILLED

**HARRISBURG (AP)**—Charles Troy, 37, Lebanon, was killed when his truck went out of control, skidded and overturned on Rt. 39 near Manada Hill about 10 miles east of here yesterday.

## PRICE SLASHES CUTTING FEARS OF INFLATION

**By SAM DAWSON**  
**NEW YORK (AP)**—Price weakness in recent weeks in many commodities—chiefly those that are the raw materials for future meals—is helping today to allay fears of more inflation.

These fears have been expressed rather widely of late. And, interestingly enough, they have been based on the price rise in certain other commodities—chiefly the metals that are the raw materials for future industrial products—and on the general anticipation of another round of rising wage rates. Copper, lead, zinc and aluminum prices have risen. So have the prices of some steel products and of iron ore and steel scrap.

Many causes are given. Strikes cut the supply of copper. The U.S. government strategic stockpile moved in to bolster the price of lead and zinc. Surprising demand, here and abroad, for steel, aluminum and copper pushed prices higher. Costs of producing, fabricating and distributing metal products continue to creep higher. Purchasing agents reversed themselves and started building up inventories once more.

All of this has led to speculation as to whether another go-round on the wage-price spiral in industry may be in the making.

"February Break"  
But other commodities took the downward trail in February, thus sustaining the belief of some in a "traditional February break."

Cotton, many of the grains, and especially hogs in the livestock group, eased sharply on both the futures and spot cash markets.

Housewives have had long training by now in realizing that a sharp break in prices at the farm level doesn't show up quickly at the store, and that when and if it does the price drop is likely to be much smaller than the break in the price of the raw commodity.

The cost of turning raw commodities into processed and packaged foods or clothing, and of distributing them, waters down the benefit of commodity price drops.

What the people who produce commodities and those who process and distribute them are wondering just now is this: Is the drop in prices in the last few weeks just a fairly common seasonal break? Or is it actually the resumption of a general decline in commodity prices?

Some are asking if the price decline that started in 1951, only to be halted two years later, may be resuming—as part of a general post-World War II price drop long predicted.

## Mickey Jelke Jury Is Not Completed

**NEW YORK (AP)**—Eleven persons, including three women, have been seated as jurors in the Mickey Jelke vice trial. But the court ran out of prospective jurors yesterday and a recess was called until Monday.

One more juror and two alternates were yet to be picked. Both sides agreed yesterday on three jurors, including unmarried Kay Brunell, who joins two married women, both mothers, on the panel.

Jelke, 25-year-old oleomargarine heir, is being tried on two counts of compulsory prostitution for which he was convicted in his first trial in 1953. No women served on the jury which heard testimony from high-priced call girls.

## IKE HAS TAKEN TO SWIMMING

**WASHINGTON (AP)**—President Eisenhower has taken to swimming in the White House indoor pool to get more exercise but he reportedly "just hates it"—the swimming, that is.

His physician Maj. Gen. Howard M. Snyder is happy about it though. Snyder feels it will help build the President's resistance to colds such as the one he has been fighting off this week.

During his first two years in office, Eisenhower virtually ignored the White House pool, which was used a great deal by the late Franklin D. Roosevelt and by Harry S. Truman.

Lately, however, Snyder has been saying the President needs more exercise to maintain his muscular and circulatory tone and to keep him generally healthy.

Last Jan. 20, the second anniversary of Eisenhower's inauguration, Snyder said the President was in top physical condition for a man of 64. But he also said he had to get additional exercise. Golf was not enough.

Snyder began telling the President he ought to try the swimming pool. White House staff members did too, and the President finally agreed.

"But he just hates it," one aide said with a laugh.

## WESTINGHOUSE IS FAVORED FOR GENERATORS

WASHINGTON (AP)—Sen. Martin (R-Pa.) has told Defense Secretary Wilson that no matter how you look at it Westinghouse Electric should be awarded the contract for Chief Joseph Dam's waterwheel generators.

Martin said he does not see how the Army Engineers could award the contract to English Electric, a British firm, when Westinghouse is "smack in the middle" of an unemployment area—Pittsburgh.

In bids opened Feb. 1, English Electric said it would provide the six generators for \$5,460,361. Westinghouse's bid was \$9,338,491. Three other American bidders were higher.

On Columbia River  
The hydroelectric dam is on the Columbia River in Washington State.

Martin presented this point of view:  
President Eisenhower's executive order of last Dec. 17 stated that a contract could be awarded to a foreign firm if its bid was six per cent or more below the lowest American bid. But the order also stated—as Martin interprets it—that this six per cent provision can be ignored if the low American bidder is in an area of serious unemployment.

It is the latter point on which Martin based his objection.

There is now, he said, serious unemployment in the Turtle Creek Valley where Westinghouse employs some 18,000 workers. Since 1963 Westinghouse's East Pittsburgh plant has dropped 2,700 employees. Therefore, Martin told Wilson, the generator contract can't possibly be awarded to anyone but Westinghouse, even though its bid was more than six per cent higher than that of the British firm.

Westinghouse Agrees  
Westinghouse management and labor have argued on the same basis that Westinghouse should get the contract, which would provide an estimated 500 jobs for one year.

Martin has also registered a pro-

## Committee Approves State Appropriation

HARRISBURG (AP)—The Senate Appropriations Committee has approved an \$11,700,000 deficiency appropriation to the Department of Instruction to pay school district rentals due municipal authorities.

Other bills winning committee approval Tuesday would:

Increase commonwealth payments for schools from 2½ to 6 cents per acre to counties in which state forest lands are located—Committee on Forests and Waters, Game and Fish.

Provide for immediate review by the state Supreme Court of cases where labor dispute injunctions have been granted without a hearing—Committee on Labor and Industry.

### TRACKING DOG DIES

test with Wilson regarding an Air Force contract for underwear shorts. Small compared with the Westinghouse bid, this contract was for \$500,000. Low bidder was Antonio Santisteban of Puerto Rico. Low continental United States bidder was Canoe Underwear Co. of Pine Grove, Pa.

Martin said he recognizes that Puerto Rico is an American territory but added that the problem is similar to that presented by much foreign competition—lower wages, lower standard of living, lower costs than American continental firms must meet.

Martin argued that the living conditions and economy of an American continental community should be taken into consideration in weighing the advantages of competing bids.

## KNOWLAND SAYS ISLANDS NOT ON BARGAIN LIST

By JACK BELL

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said today he is fully confident that the Quemoy and Matsu Islands are "not going to be placed on any bargain counter" for a deal with the Chinese

Communists.  
The Senate's Republican leader said in an interview he is convinced "any major effort to take these islands will be resisted by us." The offshore island groups are held by Chiang Kai-shek's Nationalists.

Knowland thus replied to a suggestion by British Foreign Minister Anthony Eden Tuesday that the Nationalists withdraw troops from some islands off China as a prelude to any cease-fire agreement.

Wilson Belittles Islands  
Secretary of Defense Wilson told newsmen Tuesday the loss of Quemoy and Matsu would hamper the

defense of Formosa but "in the long run would not make too much difference in the result."

Knowland avoided direct comment on this statement, but Sen. H. Alexander Smith (R-N.J.) said he doesn't agree with Wilson.

"We must keep Chiang Kai-shek's forces on Formosa in readiness to strike back at the Communists if they should break the truce in either Korea or in Indochina," Smith said. "To carry out such a strike, they would need Quemoy and Matsu as operating bases."

Secretary Wilson, saying he does not think the Chinese Commu-

nists can successfully invade Formosa, said only President Eisenhower could "clarify our intentions or our plans about the offshore islands."

Knowland, who has discussed the situation in frequent conferences with Eisenhower and Secretary of State Dulles, said that "based on what I believe to be the facts":

"1. I don't think the Chinese Nationalists will voluntarily withdraw from Quemoy and Matsu.

"2. I don't believe this government has or is exerting any pressure on the Nationalists or even urging that they withdraw from these islands.

## Switch Blade Knife Ban Passes Senate

HARRISBURG (AP)—A House-passed bill to outlaw the sale of switch blade knives in Pennsylvania was before the Senate today. The House passed the measure.

"3. I am satisfied the Nationalists can cope with any small attacks that may be made on the islands.

"4. Any major effort to take them which appeared likely to succeed, I am convinced, would be resisted by us."

ure Tuesday night, 138-19.

However, a companion measure to prohibit the possession of such knives or similar deadly weapons was delayed in the House for an amendment.

Rep. Louis J. Amarando (D-Phila.), sponsor of both proposals, said the amendment was made because hunting groups had complained the bill might be misunderstood to include hunting weapons.

The House-passed measure would ban the giving, delivering, offering or exposing for sale of any knife, razor or cutting instrument with a blade that can be exposed automatically.

# Churchill, Long Experienced In Military, Cites The Dangers To Mankind Of Atomic Bombs

By JAMES MARLOW

WASHINGTON (AP)—No one has summed up better the peril of mankind in the atomic age than Sir Winston Churchill in a recent speech to the House of Commons on the horrors of the hydrogen bomb.

Churchill's own lifetime spans the transition from the old-fashioned soldier—who, on foot or on horseback, could try to kill only one or a few of the enemy at a time—to the soldier of today who can rain down death on millions from the sky.

Being a man of action and not finding it soon enough, there was a period in his early days when he thought it a "pity that it all had to be made believe" and that wars between nations had come to an end.

He had overestimated the ability of nations to settle things peacefully. He had his first military service, a dull one, with the British cavalry in India in 1896. He lived to have a hand in directing two world wars.

In World War II the weapons the antagonists produced—until the 1945 atomic bomb explosion—were the peak of all man's efforts to devise instruments for eliminating human beings.

In that half century between 1896 and 1945 Churchill saw weapons progress, if that's the right word, from rifle and cavalry to machine guns, tanks, bazookas and

even planes that dropped conventional TNT on factories and battlefields.

## 1940's Weren't Dull

India may have been dull for him in the 19th century. He didn't regard as dull the somber days of 1940 when the Germans had overrun Western Europe, were smashing Britain with their tanks, and threatened to invade the British Isles.

Knowing fully the power of the Nazi armament, Churchill looked across the English Channel and, undaunted, told his countrymen: "We shall defend our island. Whatever the cost may be, we shall fight on the beaches . . . in the fields . . . streets . . . hills; we shall never surrender."

That was 15 years ago. Since that time the United States and Russia have developed the greatest of all weapons—the hydrogen bomb. And on Feb. 15 the U.S. Atomic Energy Commission issued a report. It said the radioactive fallout from an H-bomb could cover an area almost as big as New Jersey.

Last week Churchill spoke to his countrymen again, this time in the House of Commons. He said nothing about fighting on hills or beaches or in the streets. He talked of the power of the bomb. The age of man-to-man fighting had long since passed. Now a few men in planes, releasing bombs, could destroy a nation.

Mrs. Albert Cardenti contributed lumber and paint. J. I. Hereter and Son gave ten gallons of roof paint. Others who have given various quantities of paint to aid the project are:

Dave's Wallpaper and Paint Co.; Service Supply Co.; Redding's Supply Store; Kerrigan's Paint Shop; Gettysburg Hardware Co. and Weishaar Brothers. Murphy's and Grant's contributed wire brushes, to clean the bricks, and paint brushes. Lumber for the shelves was received from the Gettysburg Building Supply Co. and the Gettysburg Construction Co.

The Junior Chamber of Commerce made a cash donation to subsidize some of the purchases and also procured some additional paint brushes. Other cash contributions have been received from the Gettysburg National Bank and the Exchange Club. "We will probably receive help from some other people before we're through," Main said.

Poffman explained that the twelve college fraternities were represented, since each is required to have 25 per cent of its pledge class there for each of the three days. The students who worked Wednesday were:

## CHURCH FORCES BATTLING RACE HORSE BETTING

HARRISBURG (P)—Church forces today looked to a deluge of letters to convince members of the State Senate to vote against a bill to ask voters whether they want legalized horse race betting in Pennsylvania.

"We are urging all church members to contact their state senators to let them know where they stand," said the Rev. O. P. Poulson, general secretary of the Division of Social Relations of the Pennsylvania Council of Churches.

Poulson said Protestant clergymen, men's Bible classes and various women's church groups all have been alerted by letters to urge their members to become active in the campaign against the bill.

The measure won committee approval in the Senate two days ago and could come up for a final vote on the floor next week.

**Sets Up Referendum**  
The bill in itself would not legalize betting in the Keystone State. It merely would set up a referendum in the fall election asking voters whether they favor it.

Additional legislation—which conceivably could take much time also to achieve—would be required to decide how and where race tracks would be located.

Sen. G. Robert Watkins (R-Delaware), chairman of the Law and Order committee which approved the bi-partisan bill, has predicted passage by the Senate and House.

The Pennsylvania Council of Churches, representing 20 major denominations, reaffirmed its stand against race track betting, bingo and all other forms of gambling at its annual conference at Johnstown Feb. 1-2.

"We stand by the council's position at that meeting," the Rev. Poulson told a newsmen.

## MEASURE ASKS RETESTING OF MOTORISTS, 65

HARRISBURG (P)—Regular retesting of motorists over 65 was suggested yesterday in a bill introduced in the House by Rep. Albert F. Readinger, House Democratic leader.

A re-examination every five years would determine if the applicant "is competent physically and mentally to exercise reasonable and ordinary control over a motor vehicle," Readinger said, adding:

"This is not an administration bill but I've sponsored it before and I think it should be passed." At present, any licensed driver can renew his permit without an examination by submitting the proper renewal form.

The new proposal would fix a fine of \$25 to \$50 or 10-25 days in jail for violators.

Other new House bills would: Require state approval for school building projects to be undertaken by the state Public School Building Authority if the applications were filed before May 1, 1954—Francis Worley (R-Adams) and Marj H. Garlock (D-Fulton).

Designate May 1 as Loyalty Day—Leon J. Kolankiewicz (D-Phila.) and Stephen McCann (D-Greene).

## SEC. OF MINES NAMES DEPUTY

HARRISBURG (P)—Mines Secretary Joseph Kennedy today appointed James Shover, Lansford, as his deputy secretary at \$8,994 a year.

The appointment rounds his executive staff which also includes recent deputy secretary appointments for Daniel Connelly, Kingston, and Lewis Evans, Colver.

Each receives \$8,994 a year. Connelly and Shover had been state mine inspectors at \$7,500 a year. Evans is a former House member. Shover replaced Gordon Smith, Lykens, in the deputy secretaryship. Connelly will direct a huge anthracite mine drainage program once it is authorized by the Legislature. Evans is deputy secretary in the bituminous coal fields.

Connelly will serve as field secretary for Lackawanna and Luzerne counties and Shover for Schuylkill, Northumberland, Carbon, Columbia and Dauphin counties.

Meanwhile, Kennedy announced that bids will be asked March 22 for additional work in extinguishing the underground mine fire at Carbondale.

Both the state and federal governments already have spent more than \$100,000 on this project which endangers homes on the edge of the Lackawanna County community.

## ELEPHANT IS EXECUTED

BALTIMORE (P)—A three-ton elephant captured by the late Frank Buck was put to death yesterday at the Baltimore zoo. The elephant, Minnie, which had delighted youngsters for 12 years, suffered from arthritis. Drugs had failed to halt the paralysis which crippled both hind legs.

## Burning Workman Drowns In Delaware

BRISTOL, Pa. (P)—Fire ignited the clothing of a workman on the Pennsylvania Turnpike bridge across the Delaware River yesterday and he drowned after plunging 25 feet into the water.

Anthony Cairo, 39, of Trenton, N.J., was working on a cofferdam around a partially constructed bridge pier. Police said they were told Cairo was filling the tank of a gasoline-operated pump when his

clothing caught fire.

Cairo's brother, James, 36, and other workmen rushed to help him but Cairo plunged into the water.

He came to the surface once, then disappeared.

"Gospel" means good news.

# Dulles Convinced U.S. And Red China Moving Toward A Showdown; Maybe On Formosa

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Secretary of State Dulles' trip to the Far East, apparently convinced him the United States and Communist China are heading toward a military showdown — probably over Formosa.

In a nationwide broadcast Tuesday night, Dulles issued two solemn warnings:

1. To the Chinese Reds he said U.S. sea and air forces in the area are "now equipped with new and powerful weapons of precision, which can utterly destroy military targets without endangering unrelated civilian centers."

2. To the American people he said the whole defense system for free Asia will fall unless they are willing to use their "greater force" in response to a military challenge from Communist China.

Dulles' tone was grim although

he reported progress on strengthening the Southeast Asian alliance, whose conference at Bangkok, Thailand, took him abroad. He returned Sunday after stops at other capitals, including that of Nationalist China on Formosa.

Dulles promised continued arms aid for Far Eastern countries. Without giving details, he projected U.S. cooperation toward improving economic conditions. He termed subversion the greatest danger in Southeast Asia, but voiced belief the threat would diminish when such countries as Vietnam understand that their allies "have the power, and the will, to strike down an open armed aggressor."

One theme dominated Dulles' talk. It was that the free, friendly peoples of Asia are mainly dependent for their security on "mobile Allied power" spearheaded by

U.S. sea and air power. And he said if they think that the United States will not fight if trouble comes then they will lose confidence and free Asia will fall apart.

## "Reds Seem Determined"

Dulles did not say specifically that the showdown which he foresees will come over Formosa. But in several key sentences he stated his view this way:

"We hope that the present military activities of the Chinese Communists are not in fact the first stage of an attack against Formosa and the Pescadores. We hope that a cease-fire may be attainable. We know that friendly nations, on their own responsibility, are seeking to find substance for these hopes. Also the United States is studying the matter in a search for peace."

"So far these efforts have not been rewarded by any success. The Chinese Communists seem to be determined to try to conquer Formosa . . .

"Small nations cannot easily be self-confident when they are next door to Communist China. Its almost unlimited manpower would easily dominate, and could quickly engulf, the entire area were it not restrained by the mutual security structure which has been erected."

"Picture U. S. as 'Paper Tiger' But that structure will not hold if it is words alone. Essential ingredients are the deterrent power of the United States and our willingness to use that power in response to a military challenge."

"The Chinese Communists seem determined to make such a challenge. At the same time they are persistently trying to belittle our power and to throw doubt on our resolution."

Dulles added that the Chinese Reds, by claiming great victories in Korea and in the recent Tachen Islands evacuation, as well as in Indochina last summer, attempt to portray the United States as a "paper tiger" on whose strength small nations cannot rely.

"We must, if occasion offers,

# NEW TAX SLASH PLAN OFFERED BY DEMOCRATS

By JOE HALL

WASHINGTON (AP)—Senate Democrats prepared for sharp, partisan debate on tax relief today with a plan to offset income tax cuts with revenue from other sources.

The Senate Democratic leadership unveiled its own income tax cut plans yesterday as a substitute for the House-passed \$20-a-person reduction for everybody.

The House provision, an annual \$2,000,000,000 cut, had seemed doomed to defeat in the Senate.

The substitute would give 908 million dollars of annual relief, nearly all of it to low income families, at the rate of \$20 for the taxpayer and \$10 for each dependent except his wife. But it would repeal other benefits for corporations and higher income taxpayers which Democrats contend would more than offset that amount.

Their chances of putting over the substitute did not appear too bright. Two powerful Southern Democrats on the Finance Committee, Byrd (Va.), its chairman, and George (Ga.), said they would not go along.

"Better Than House Bill" George said "it's better than the

House bill" but added "I do not think it is likely it will change my position."

Byrd said "I do not think it will change things on the Senate floor." Majority Leader Lyndon B. Johnson (D-Tex.) declared he believed the substitute "will appeal to a majority of the senators."

Other Democratic sources, however, said that it was likely that only enough votes would be switched by the substitute to cut Byrd's supporters down to about six Democrats. He has been claiming 10 would go down the line with him against an income tax cut.

Thus, these sources said, the outcome will depend on whether many Republicans will desert the administration.

So far Senate GOP leaders have insisted they will lose no more than two votes. The Senate now is 49-47 Democratic.

# May Extend Social Security Coverage

HARRISBURG (AP)—More municipal workers in Pennsylvania would qualify for federal social security coverage under a bill introduced in the House Tuesday by three Republican assemblymen.

The proposal would amend a state law in line with federal amendments put into effect Jan. 1, 1955.

The House measure would provide for state directed referendum among governmental units to decide if workers wish federal benefits. Under present state law, municipal employees with jobs covered by a local retirement system are not eligible for federal coverage.

# 2,658 FAMILIES ARE AFFECTED BY OHIO FLOOD

CINCINNATI (AP)—Red Cross officials

Wednesday said some 2,658 families in four states have suffered property damage by the flooding Ohio River. This includes Ohio, Kentucky, West Virginia and Indiana.

As damages mounted downstream, the Weather Bureau predicted the river should be back in its banks in the lower portion this weekend. Many of the areas hit generally suffer damages when the river overflows.

Cincinnati braced for the flood crest Wednesday along with numerous small river towns in Ohio, Kentucky and Indiana. The crest has swept past Pennsylvania and West Virginia.

Among the hardest hit river towns was Manchester, Ohio, where the state highway patrol said 225 families fled shore homes as the crest reached the town today.

Manchester is about 80 miles

upstream from Cincinnati.

## 64 Suspend Business

Sixty-four Manchester businesses suspended operations as the crest of the river traveled from Portsmouth toward Cincinnati.

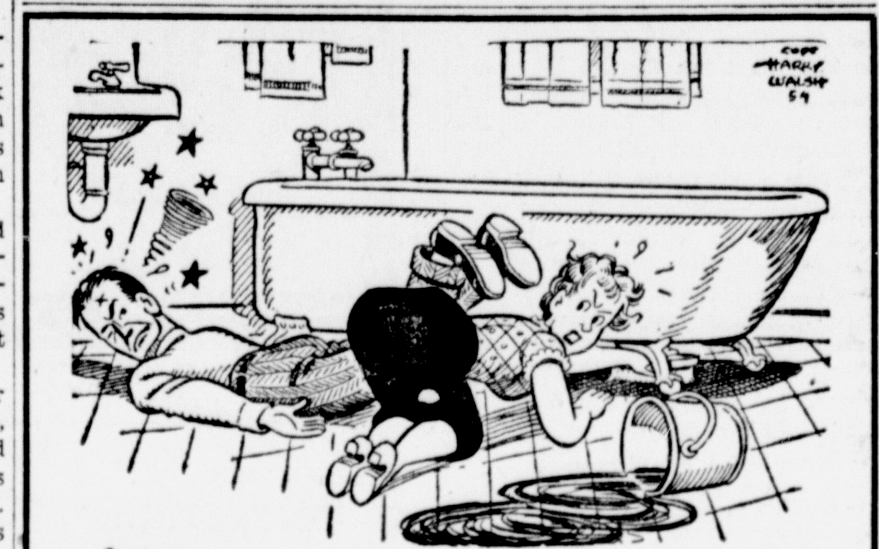

The Ohio highway patrol reported over 1,000 families and nearly 400 evacuated businesses from Pomeroy, Meigs County, down to Cincinnati and Hamilton County.

The river at Cincinnati reached more than 60 feet Wednesday, the highest level in seven years. Some 260 families and 19 businesses were river refugees here. Flood stage

## SEEK BILL FOR GOVERNOR TO SUCCEED SELF

HARRISBURG (AP)—House Democrats will try again next week to pass a proposed constitutional amendment to allow governors to succeed themselves.

The 112-member majority, plagued by absenteeism, failed to muster enough votes for approval of the measure on the first try yesterday.

The final vote of 93-79 was 13 short of the constitutional majority of 106 and marked the first time in the 1955 session that a measure was defeated.

"But we'll put it right back on the calendar again next Monday," said Rep. Albert S. Readinger, Democratic floor leader, in expressing "disgust" at the result. A Democratic parliamentary move to allow reconsideration was successful.

The proposal needs approval of two separate sessions of the General Assembly and the voters before it could become effective.

### Opposed By GOP

The vote came after an hour's debate with Democrats backing the change and Republicans opposing it.

Rep. Paige Varner (Clarion) was the only Republican recorded for the bill.

"Why one of the bill's sponsors wasn't even here to vote," Readinger told newsmen in referring to Rep. George E. Jenkins (D-Allegheny).

"I'm getting a little disgusted that we can't have enough members to pass bills except on Mondays. If that's the case we'll be here until Christmas."

"If any member is unable to be here at least two days a week he ought to resign and give someone else a chance to serve the people," Readinger added.

### Want People To Vote

During debate Readinger told the House: "The people of Pennsylvania should have the chance to vote on this change."

He said there is not much sense in allowing the President of the United States to succeed himself and not allow Pennsylvania's governor to do the same.

Rep. Albert W. Johnson (R-McKean) led the opposition, stating that "with the unlimited powers Pennsylvania's governor is given, the change would make it possible for him to practically perpetuate himself in office."

The state constitution bars the governor from seeking two consecutive four-year terms.

## 2 DEMOCRATIC CHIEFS PREDICT PAY INCREASES

By RUSSELL BRINES

WASHINGTON (AP)—Two key Democrats predicted the House will approve today President Eisenhower's program to boost the pay of career military servicemen from 6 to 25 per cent.

Chairman Vinson (D-Ga.) of the House Armed Services Committee and Rep. Kilday (D-Tex.), a senior member, said they had heard of no important opposition. The measure would add 745 million dollars to the annual five-billion-dollar military payroll.

A House vote is expected in afternoon. The Senate has not acted.

The measure calls for an average increase of 11.9 per cent for enlisted men and warrant officers with over two years' service and officers with over three years' duty. An estimated two million men would be due to raises on the first of the month after the President signs the bill.

### 3-Year Increase

An Army private with over three years' service would get an added \$7.80 per month, or \$101.40; a first lieutenant with over three years' duty would get \$61.22 for \$335.40 monthly; a brigadier general with over 22 years' service would be jumped \$49.92 to \$850.20 monthly.

No increases are provided for men with less service. Administration spokesmen said the main purpose is to encourage trained men to make a career of military service. The President strongly backed it.

Kilday said he expected some attempts on the House floor to include raises for the lowest ranking enlisted men. There may also be criticism of increases in hazardous duty bonuses.

Vinson said in a separate interview the proposed raises were promoted by the high costs of providing replacements for what he termed a heavy turnover of servicemen.

### 200,000 May Re-enlist

A committee report said that of about one million men eligible to leave the services by next June only about 200,000 are expected to re-enlist, and it added:

"If this re-enlistment rate could be increased by 100,000 individuals, the savings in training costs alone for replacements would be tremendous."

The measure also would establish a new "dislocation allowance" equal to one month's basic pay for families making a permanent change of station in peacetime; increase travel allowances from \$9 daily to \$12; boost retirement pay

## Says Helicopters Can Fight Blazes

PHILADELPHIA (AP)—A manufacturer of helicopters says its "work horse" model can be used as a hovering "fire engine" for use in fighting plane crash blazes and forest fires in remote areas.

Officials of the Piasecki Helicopter Corp. said yesterday its H21 model is the "first production helicopter with sufficient carrying capacity to lift an effective quantity of fire-fighting agent and the necessary equipment for its application."

Piasecki now is producing H21s for troop transport and military equipment movement.

## FARM CALENDAR

Buy Clean Seed—Certified seed is the farmer's best assurance of getting clean seed, free from weeds, according to George Berggren, Penn State extension agronomist. If certified seed is not used, the seed to be planted should be custom-cleaned or given a thorough cleaning at home with a properly equipped fanning mill.

Spray Cattle Pests — Rotenone sprays are effective on both lice and grubs of cattle, reminds Stanley Gessell, Penn State extension entomologist. Lindane spray works well against lice and mange, but is not effective against grubs. A chemical known as methoxychlor controls lice but not grubs or mange.

Observe 4-H Week—Pennsylvania 4-H Club members are in the midst of observing National 4-H Club Week, Allen L. Baker, State 4-H Club leader of the Pennsylvania State University, reports activities include reorganization of clubs, formation of new ones, selection of local leaders, and choice of projects.

Care For Bees—Check on your bees right away, urges William Clarke, Penn State extension apiculturist. Remove dead and weak colonies. Clean the equipment and feed all colonies that have a shortage of honey for their daily diet.

Treat Pea Seed—You can treat small amounts of pea seed for the home garden by shaking the seed in a can with the right amount of fungicide, until all seeds are well coated, say Allen Bauer, Penn State extension plant pathologist.

Study Grass — The Pennsylvania State University is offering a Grassland Farming Short Course March 14 to 19, announces David McClay, director of agricultural short courses, and daughter-in-law, Mr. and Mrs. Robert Sanders, Waynesboro.

Mrs. Harry Naugle and daughters, Fayetteville, visited last week a day with Mrs. Naugle's sister, Mrs. C. F. Nintle.

### SILVER FOR CUSTOMERS

IRWIN, Pa. (AP)—Supermarket manager Walter O. Goehring gave a silver dollar to every 25th customer who came into his store yesterday, his 25th wedding anniversary.

"We didn't advertise it, of course. By the end of the day I'd given out about 75," Goehring said. "Now, I'm saving up and maybe I'll give away some gold coins on our 50th wedding anniversary."

### REDS SMEAR AGAIN

LONDON (AP) Pravda declared today that U.S. Secretary of State Dulles' radio and television report on the recent SEATO conference and his Far East tour was "calculated to cause further tension in Asia."

The Soviet Communist party organ, in an editorial broadcast by Moscow radio, said Dulles' remarks were "full of hostile at-

tacks" on Communist China and the North Viet Nam government of Moscow-trained Ho Chi Minh.

## Class Of 1920 Founded GHS Maroon And White As Monthly In '19; Have Complete Issues

When the members of the Gettysburg High School Class of 1920 gathered at commencement time for their 35th annual reunion, they no doubt will point with pride to the fact that they were the class that founded the Maroon and White — and they'll have a complete set of the first year's editions of the publication to prove their claim.

The first issue of the Maroon and White, which in 1926 converted to newspaper format, was a literary magazine published in October, 1919. The publication was continued each month for the remainder of the school year with the May edition expanded to annual year-book proportions.

The complete set of the first eight "volumes" of the Maroon and White — and maybe the only set in existence — is the property of Mrs. Bruce Wetzel, McKnightstown Station, Biglerville R. 2, who was a member of the class of 1920.

### Portrayed School Life

The first edition, as did the others of that first year, included editorials, poems, original stories, an article in French, a household department, social and class notes, alumni news, the first installment of a serial story, news of athletics, a humor department and notes on and from exchange papers from other high schools.

In the "greetings" in the initial edition, the staff announced its intention to portray school life and give "in fact a portrait of G.H.S." No one was designated as editor and the three business managers headed the list of staff members. They were Donald Weiser, Clare Winebrenner and Elizabeth Evans.

**One Has Son On Present Staff**  
Literary assignments went to Ellen Tipton, Robert Deardorff, Maybelle Weaver Downie and Harold Roth. The Home Economics department was handled by Mary Appier and Anna Oylar. Athletics by Horace Armor and Grayson Peters; Humor, Donald Weiser, Jessie Beard, Keith Burger and Treva Weikert; Social Activities, Mary Kissinger, Margaret Major and Evelyn Toot. All were members of the then Senior Class of 1920.

Miss Lily Dougherty wrote alumni notes for the publication and these reporters were chosen from the four classes: Martha Lentz, 1920; Henry M. Scharf, 1921; Ida Hartley, 1922, and Sarah Black, 1923.

One of the members of that original staff, Mrs. Treva Weikert Ziegler, wife of Charles T. Ziegler, Springs Ave., has a son, Robert, who is a member of the present staff of the Maroon and White. He is one of the paper's photographers.

### Dedicated To Miss Cope

Others in the staff of 1920 have had children serve the paper in later years and the retiring editor, Elise Scharf, is the daughter of the Junior class reporter on the staff that got out the first year's edition.

The final edition in May, the "Senior Number," was dedicated to Miss Helen L. Cope, the worthy

and beloved supervising principal of the Gettysburg Public Schools and the sponsor of our publication. Her memory will never fade from our lives," said the dedicatory page.

The faculty in addition to Miss Cope then included: Walter D. Reynolds, high school principal — and the high school then was in what is now the Lincoln School building — Miss Anna M. Hake, vice principal; Guile W. Lefever, Science department; Miss Nellie K. Blocher, Latin and Spanish; Miss Elsie A. Garlach, English and French; J. Guy Wolf, Commercial department; Ira D. Cope, Commercial department and manual training; Janet Myers, Domestic Art, and Mrs. Raymond W. Shank, Domestic Science. Miss Aagot Borge was the musical instructor.

### Had School Orchestra

Miss Borge directed the school orchestra that included Esther Hartman and Henry Scharf as first violinists; Martha Lentz and Harold Roth as second violin; Clare Winebrenner and William Kitzmiller on the cornets; Rex Gilbert, trombone; Charles Ogdon, clarinet, and Robert Deardorff, trap drummer.

Horace Armor was the president of the graduating class whose motto was "Simplicity, Sincerity and Service." The class flower was the yellow rose and the class colors, robin's egg blue and gold.

The board of education that year included Allen B. Plank, president; Charles S. Speese, vice president; George P. Black, secretary; Irvin L. Taylor, treasurer, and John W. McIlhenney.

The cast for the Senior play that year "Stop Thief," given April 20, was pictured in the year book.

### Made Grid Record

The 1919 football squad was included among pictures in the annual that year and claimed a record that stood for many years. It won eight games in a nine-game schedule and lost only to Scotland Industrial School by a 6 to 0 score. The Gettysburg gridgers rolled up an impressive 243 points against stout opponents as Steelton, Frederick, Harrisburg Academy, Chambersburg, Carlisle, Mechanicsburg and Mt. St. Mary's Academy at Emmitsburg. Several of the teams were met at home and away games during the same season.

"Buzz" Hunter at left half was the big scorer that season and chalked up 109 points. Ross Sheely, the quarterback, scored 44 and Horace Armor, the captain and fullback, accounted for 66 points. Other members of the squad included Keith Burger, Lester, J. Herbert Raymond, Jake Schmuckler, Howard Berry, Grayson Peters, Don Weiser, Bernard Gordon, Paul Mehling, Dave Oylar and David Tawney. Walter D. Reynolds was the coach.

In basketball that season Gettysburg won seven games out of a 12-game schedule with Reynolds coaching and the varsity including Sheely, Hunter, Weiser, Schmuck-

ler, Armor and Burger.

### Class Roster Given

The baseball team that spring won nine out of the first 11 games they played. Reynolds coached and the lineups went like this: Sheely, p. and rf.; Robert Deardorff, cf.; H. Armor, 3b.; Hunter, rf. and p.; Robert Martin, 1b.; Schmuckler, lf.; Brady Arthur, 2b. and p.; Oylar, ss.; Peters, c.; Mehling, Willard Fleming, Wilbur Weikert and Berry, substitutes.

Elizabeth Evans won the DAR essay prize that year. Margaret Major was the valedictorian and Ellen Tipton the salutatorian.

The members of the class of 1920 included: Mary Appier, Horace Armor, Sarah Louise Bender, Jessie May Beard, Gilbert Y. Bell, Mary Bercau, Howard Palm Berry, Keith P. Burger, C. Robert Deardorff, Milo F. Diehl, Elizabeth Evans, C. Rex Gilbert, Esther Y. Hartman, Floranna Hoke, Mary Rebecca Kissinger, Martha B. Lentz, Margaret M. Major, Flora Alice Mizell, Robert M. Morris, James Lee Mumper, Alice M. Munshour, Charles William Ogden, Anna Mary Oylar, Beatrice Pfeiffer, Kathryn Grace Reaser, Harold Shearer Roth, Clare Routson, Margaret M. Sanders, H. Ross Sheely, Jacob N. Schmuckler, Ellen E. Buehler, Evelyn May Toot, Lillian Augusta Weaver, Maybelle Helen Weaver, Donald K. Weiser, Donald Leroy Weikert, Gladys L. Weikert, Treva J. Weikert, Mark

C. Wible and George Clare Winebrenner.

The advertisements that appeared in the Maroon and White that year give a good picture of the business district of the town 35 years ago.

The "Photoplay Theater" was operating where the Strand now is and G. W. Weaver and Son were doing business as a dry goods department store on the square. Eckert's Store was where Bobbs' clothing store now is and the Lincolnway Theater still operated on York St. with K. S. Lynch as the manager.

Solt's store for ladies' wear was at 10 Carlisle St. and Blocher's Jewelry store was on the Square at the present site of Zerling's Hardware store. J. D. Lippy was on Chambersburg St. and an Edward R. Lühring was operating a Gettysburg Delicatessen store. The Peoples Drug store, of course, was on Baltimore St. and M. S. Bonesky was running a gift shop.

Funkhouser's store was on the square and the Gettysburg Candy Kitchen was being operated next to the Eagle Hotel, now the Adams House. George C. Fissel was in the real estate and insurance business in the Masonic Building. Buehler and Wierman were in the job printing business at 52 York St. C. T. Ziegler conducted a gift shop.

There was a Dubois and Pitzer Tailor shop here and P. W. Stall-smith was running the News Stand

Drug store on the square. O. H. Lest's shoe store operated where Mitchell's restaurant now is and these other advertisers had their business cards in the paper and all are gone now: the Mumper Studio, E. F. Strausbaugh Planning Mill, G. W. Reichle meat shop, Trimmer's Five and 10 cent store, Kadel's candy store, Penrose Myers' jewelry store and Wm. D. Armor, the plumber.

G. R. Thompson was running a warehouse at 100 Carlisle St. then and A. B. Plank was a plumber. Harry Veiner was in the junk business and the Gettysburg Ice and Storage Company was a going concern. The Black Cat cleaning and pressing establishment was in the First National Bank building and Miss Anna Hollebaugh was running a hat shop at 18 Baltimore St.

Dr. J. B. Morris had a drug store on Chambersburg St. and Harry B. Sefton ran the barber shop on Baltimore St. The Gettysburg Department store took a half page ad on the back cover and the Misses Chritzman and Brehm, the tailor, were there too.

There were some other advertisers 35 years ago who are still doing business, many of them at the same old stand. That list includes: Hotel Gettysburg, "Pennsylvania College of Gettysburg," the Gettysburg National and the First National Banks, Dougherty and Hartley, Philip R. Bikle and Hennig's Bakery.

## Worst Ohio River Flood In 7 Years Spreads; One Man Is Drowned, Trapped In Elevator

CINCINNATI (AP)—The crest of the worst Ohio River flood since 1948 moved today into the Indiana-Kentucky area. It left behind damages mounting into the millions, and several thousand homeless.

The river was scheduled to crest here today at 61.2 feet, 9.2 feet above flood stage. The state highway patrol said the crest was expected "sometime this morning."

Normally, the river crests and then is at a standstill for several hours before it begins to recede. High waters indirectly caused one death when a Cincinnati warehouse worker drowned, trapped in an elevator descending into deep basement waters.

Police said the man, Trenton Harton Jr., 30, was trapped when he apparently became excited and failed to stop the elevator. He had taken the ride to see "how deep the water was" in the warehouse basement near the river. His calls for help echoed from the death cage.

The Red Cross said 3,182 families in Ohio, West Virginia, Kentucky and Indiana had been affected so far by the flood.

Crests have swept past Pennsylvania and West Virginia and are scheduled to leave Ohio at Cincinnati today.

Indiana state officials looked to flood walls and levees to help protect low area property. Flood walls in Ohio and West Virginia were credited with saving millions of dollars in damages.

Scattered showers were forecast for the Ohio Valley but the predictions offered slight cause for concern.

The Huntington, W.Va., district of the Ohio River engineers was the first to come up with a flood damage estimate. That district covers the river from Powhatan Point, Ohio, to Maysville, Ky., plus the river's tributaries in the area.

Col. George T. Derby, district engineer, estimated the damage at more than \$8,657,000 but he said flood walls and reservoirs had prevented another 50½ million dollars in damage.

There still was a lot of water in and around Cincinnati. The Coney

Island amusement park and the River Downs race track were from 6 to 20 feet under water.

Low-lying streets in the downtown district also were flooded and so were several railroad yards.

## CIVIL DEFENSE HAS NEW SIGNAL WARNING PLAN

BATTLE CREEK, Mich. (AP)—A new warning signal system of enemy air attack—which drops the general all-clear signal because of radioactive fallout danger—has been worked out by civil defense.

The United States and Canada have adopted the system together. New, simplified signals are to be sounded on sirens, horns and other warning devices. There are two signals. One is the "alert" and the other the "take cover."

The "all-clear," in effect since 1951, has been eliminated in view of radioactive fallout.

U.S. Civil Defense headquarters here said it could be unwise to give a general all-clear since some areas could still be in danger because of fallout.

### Local All-Clears

A spokesman said individual areas would handle their own all-clear communication to citizens through radio or other means, including patrol groups.

The new signals, effective at once, were announced Tuesday night by the federal civil defense system. They are:

1. Alert signal—a steady blast of three to five minutes on warning devices.

2. Take cover signal—a wailing tone or a series of short blasts continuing for three minutes.

### Evacuation Usual

In most target areas, the civil defense announcement said, the alert signal will indicate evacuation. In most nontarget areas, it will call for mobilization of civil defense forces.

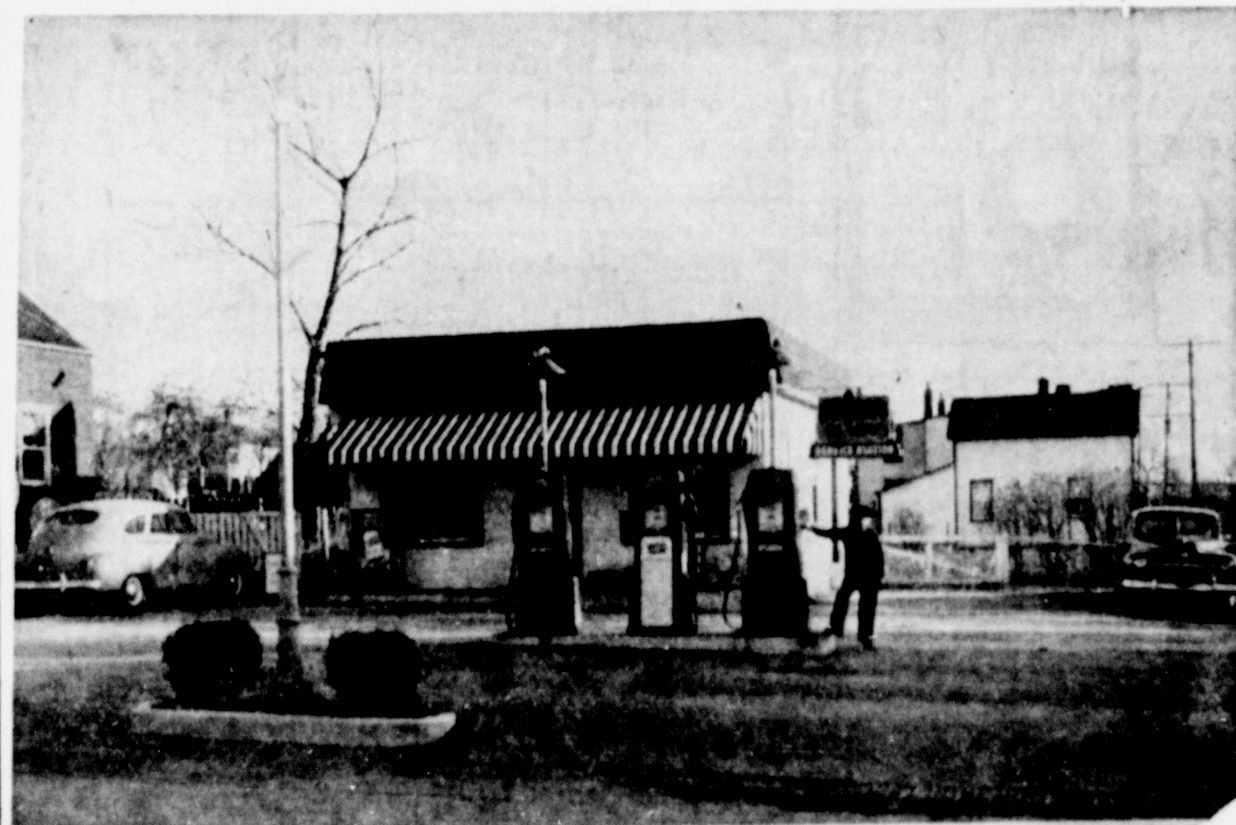

## Pulls Hat Trick In 1:40 Minutes

BOSTON (AP)—Hockey's "hat trick"—scoring three goals in one game—has been done many times but probably never as quickly in a college game by Jim Pope of Rensselaer Polytechnic Institute.

The RPI defenseman in a game with Northwestern University scored three goals in a minute and 40 seconds.

His rapid fire goals gave RPI a 5-2 win.

# CIVIL SERVICE BEING URGED FOR TOLL TAKERS

HARRISBURG (AP) — A special labor dispute panel has urged the Pennsylvania Turnpike Commission to place its more than 300 toll collecting officers under civil service.

The recommendation was one in a list drawn up by a three-member panel appointed last fall to iron out grievances of the toll collectors against the commission.

The panel was set up on request of Leo D. Coleman, president of Local 1216 of the Pennsylvania Federation of State, County and Municipal Employees, acting under a 1947 law authorizing government workers to ask for such a panel. Also recommended by the panel, headed by the Rev. Dennis J. Comey, Philadelphia, were:

1. A study of methods of obligating patrons of the turnpike, who have insufficient money with them, to pay their tolls so that collectors do not dig into their own pockets.
2. When layoffs must be made, consider seniority and work records of the collectors.
3. Place headlight check details on a voluntary basis rather than mandatory.

Other Grievances  
The panel noted that some other grievances of the collectors already had been acceded to by the

# Texas Democrat Is Named Security Aide

WASHINGTON (AP) — Dillon Anderson, a Texas attorney listed by the White House as a 1952 Democrat-for-Eisenhower, will succeed Robert Cutler as President Eisenhower's special assistant for national security affairs.

Eisenhower accepted Cutler's resignation on Tuesday and announced that Anderson, of Houston, would succeed him in the \$20,000-a-year post April 1.

Cutler is returning to his former position as president of the Old Colony Trust Co. of Boston. Anderson, an Army colonel in World War II, has been serving as a National Security Council consultant since 1953.

commission.

These included eliminating toll station janitorial work for collectors, a pay system with increases scaled upward over a five-year experience period and efforts by the commission to hold a referendum of employees on the issue of federal social security coverage.

The panel recommendations were made public by Robert A. Callahan, international representative of the American Federation of State, County and Municipal Employees.

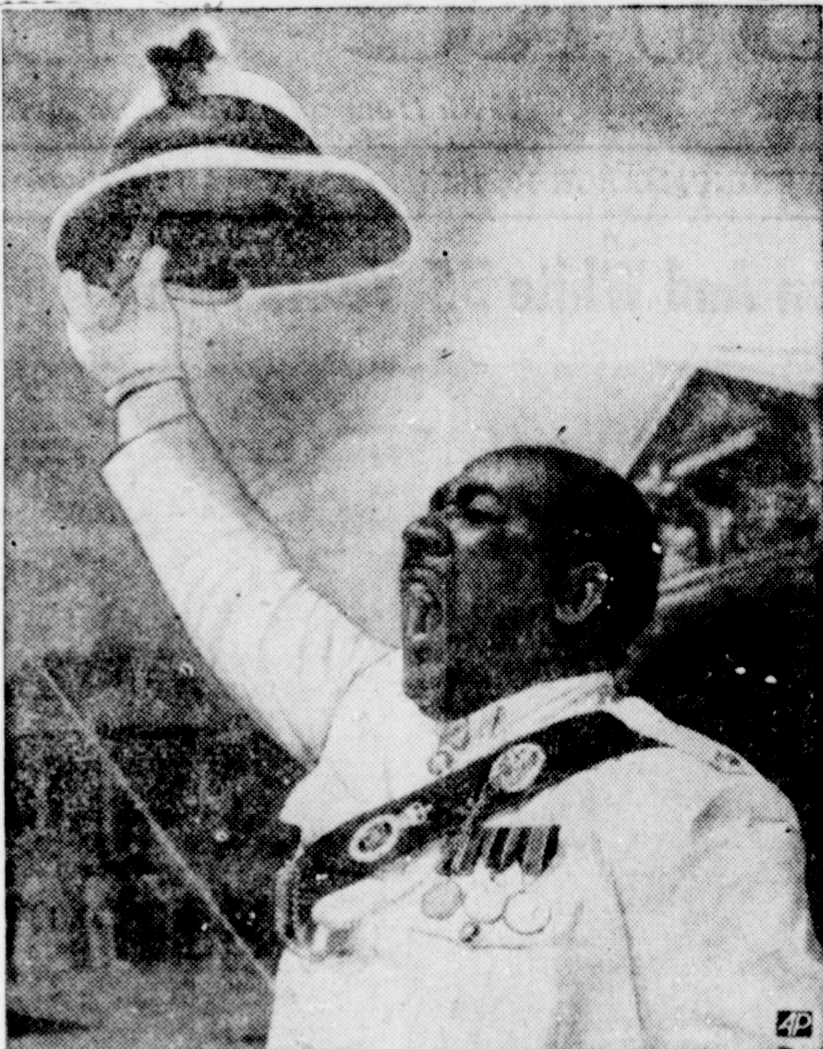

Panel members with Father Comey were Sidney G. Wilbar, Bellefonte, representing employees, and W. J. Roberts, turnpike commission comptroller.

The union also is seeking a 40-hour work week with time and a half pay for overtime. On this score the panel recommended that turnpike commissioners meet with the collectors personally or with their representatives.

Callahan said recommendations of the panel "vindicated every effort we have made to present our grievances."

He noted that Chairman T. J. Evans of the Turnpike Commission last year had refused to negotiate with the AFL union on grounds that he recognized only the Pennsylvania Turnpike Officer-Collectors Assn. as a bargaining agent. Callahan termed this a "company union."

# BAN ON SAN JUAN RABBITS ARGUED

HARRISBURG (AP)—A move to ban the importation of San Juan rabbits from the state of Washington until after Aug. 31, 1957, was before the House today.

A bill introduced by 11 members of the House Conservation and Wildlife Committee would carry out the findings of the group charged with making a study of all Pennsylvania's outdoors resources.

"This bill will provide a two year cooling off period for all sides involved in the question and allow more time for research," explained Rep. Harris G. Breth (D-Clearfield), committee chairman. The measure would give the state

Agriculture Department, in cooperation with the Game Commission, power to decide whether the animal is harmful and should remain banned or whether the moratorium should be lifted after Aug. 31, 1957.

The bill fixes a fine of up to \$100 or a jail sentence up to 60 days or both for violation of its provisions.

Farmers contend the animal is destructive to crops and farmland.

Although coal produced 90 per cent of U. S. energy supplies in 1900, it now produces less than 30 per cent.

# STATE AIR RAID WARNINGS WILL NOT BE CHANGED

HARRISBURG (AP) — Pennsylvania's system of air raid warnings will remain unchanged for the present despite federal civil defense officials decision to put a new nationwide signal into operation.

Richard Gerstell, state civil defense director, said the Keystone State wouldn't make any switch, at this time anyway.

A similar view was voiced by civil defense headquarters in New Jersey and New York.

Pennsylvania's present air raid warnings area:

A three-minute warbling "red" signal which means attack is imminent.

A seven-minute "white" or "all-clear" signal comprised of three consecutive blasts.

The new federal signals, rejected by the three states, were:

1. Alert signal—steady blast of three to five minutes.
2. Take cover signal—wailing tone

or short blasts for three minutes  
3. The all-clear signal was eliminated because of radioactive fallout danger.

Gerstell said Pennsylvania would not comply with the federal regulations because of the short notice, pointing out the lack of time to make necessary mechanical changes in the warning devices throughout the state.

"The federal civil defense administration has ignored repeated requests from state and local officials to delay any change in public warning signals until the matter could be given further study and some uniform solution mutually agreed upon," Gerstell said in a statement last night.

He added that the federal officials "broke faith" with state

# SAYS POTENTIAL SPIES EMPLOYED

WASHINGTON (AP)—The Defense Department's general counsel said today potential spies and saboteurs are employed in industries "of basic importance to the support of any mobilization effort."

Wilber M. Brucker, testifying before a Senate Government Operations subcommittee, said this is because of "a serious gap" in the laws to protect internal security.

defense authorities by announcing the so-called new signal without first notifying local units.

He urged Congress to plug it. He said the Defense Department "strongly recommends" enactment of the defense facilities bill, which would bar "subversive individuals" from plants not engaged in defense work but which, in time of war, would have a part in the defense effort.

Brucker was a witness on the second day of a study of the government's security program. On the basis of Tuesday's session Sen. Humphrey (D-Minn.) said he thinks there is a "definite need" for a special commission to study the setup.

U. S. coal production was 392 million tons in 1954 which was 38 per cent lower than the peak production in 1947.

# Red Premier Of Hungary Is Headed For Dismissal After Commies Attack His Policies

BUDAPEST, Hungary (AP)—Leaders of the Hungarian Communist party have accused Premier Imre Nagy of "rightist deviationism" and of supporting mistaken "rightist ideas" in speeches and articles.

(Western observers in Vienna said Nagy's dismissal from office appeared imminent. He had been his country's chief mouthpiece for Soviet ex-Premier Georgi Malenkov's policy of more consumer goods. His downfall had been expected since the Soviet Union and Hungary early this year returned to policies emphasizing heavy industrial production, which includes war materials.)

A statement by the Hungarian Workers (Communist) party's Central Committee, published in all Budapest newspapers, accused Nagy of encouraging elements who tried to frustrate industrialization and deny the necessity of heavy industry development.

Rakosi Raps Nagy

Only by development of heavy industry, it added, could there be development of light industry and agriculture.

The statement said the criticism of Nagy was voiced at a session of the Central Committee held March 2-4. The chief speaker at the meeting was the party's first secretary Matyas Rakosi.

The statement emphasized that party policies laid down in June 1953, which led to the proclamation

of the "new course" espoused by Nagy's government were correct. But the committee said there had been mistakes and deficiencies in carrying them out.

Describing those responsible for the "rightist mistakes" as "Oppportunists and anti-Marxists," the statement went on:

Usual Red Changes

"Nagy became the chief preacher of these anti-Marxist ideas.

"The basic feature of Imre Nagy's rightist line appeared in the negation and underestimation of the party's achievements and in the hushing up of these results.

"Imre Nagy directly encouraged elements within the party and petty bourgeois elements outside the party to increase their undermining activities against the party's reputation.

"If the policy of these rightist deviationists triumphed, this country would become a backward one."

The committee said the June 1953 decisions remain the basis of the party's policies but the mistakes must be corrected. The party's main task, the statement declared, was now to crush and completely isolate all "harmful rightist ideas."

Serious Heart Attack

A Budapest radio broadcast, heard in Vienna, said the Central Committee accused the 59-year-old Premier of "protecting the under-

MAN-MADE CURVES—A. N. Erlandson, of Santa Cruz, Cal., has dozens of strangely shaped trees developed by bending and grafting, such as this sycamore looped like a pretzel.

mining work of bourgeois circles inside and outside the party."

The Budapest government announced in mid-February that Nagy had had a "serious" heart

attack and would not be back in his office until "probably some time in April."

The party attack on the Premier symbolized the continuance in

power of the country's real Communist boss Matyas Rakosi. Nagy replaced Rakosi as premier in July 1953 after Stalin's death, but Rakosi continued the No. 1 man

in the party Politburo.

It remained to be seen whether he would take the premiership back or would still wield power from his party post, in the manner of Soviet Communist party chief Nikita Khrushchev.

When Khrushchev early this year announced the Soviet Union's return to the Stalin policy of emphasis on heavy industry, Rakosi stepped back into the limelight to announce the same switch in Hungary.

Vienna newspapers have speculated that the new premier might be either Defense Minister Mihaly Farkas or Vice Premier Istvan Hidas, formerly minister of heavy industry.

It appeared likely that Nagy would fall a lot farther than Malenkov, who was only demoted to a deputy premiership. The Soviet leader lost his job—officially—because he wasn't capable of running his government. The Hungarian party, however, was bitter in its denunciation of Nagy.

HARLAN IS APPROVED

WASHINGTON (AP)—The Senate Judiciary Committee has approved the nomination of Judge John Marshall Harlan for the Supreme Court.

Sen. Dirksen (R-Ill.), emerging from a closed meeting of the committee, told newsmen that 10 senators voted for confirmation, 4 against and one voted present.

## House Group Okays Surplus Food Plan

HARRISBURG (AP)—An administration-supported plan to allow real estate taxation on factory machinery and equipment to continue after Jan. 1, 1956, is under consideration in the House today.

Two measures introduced Tuesday by four Westmoreland County Democrats would return the law to its status before the 1953 Legislature amended it.

Sponsors of the new bill are Reps. Charles J. Mills, H. J. Maxwell, James E. Lovett and James L. McWhorter.

Between latitude 66 degrees 33 minutes, either north or south, and the corresponding pole, there is at least one day each year when the sun does not appear.

## Democratic Administration At Variance Over Increase In Legislator's Expenses

HARRISBURG (P)—The Democratic administration found itself entwined today in an internal dispute on the question of whether lawmakers should get a pay boost.

Gov. George M. Leader is represented as against the idea at this time.

Speaker H. G. Andrews (D—Cambria) is not only for the boost but he indirectly took Leader to task for opposing a plan to increase the \$1,800 a year expense account of each lawmaker to either \$3,000 or \$3,600.

"Something must and should be done to re-establish the dignity of the standing of the General Assembly of Pennsylvania unless the legislature is to become a mere convenience of other agencies of government," Andrews said.

"The 'mere convenience' reference obviously was directed at the governor who has been sparkplugging an administration legislative program. But the governor's office had no comment on Andrews' remarks.

### Cites "Joint Caucus"

The speaker's oblique attack on the executive took on even more significance because of the manner in which it was delivered.

Andrews shattered precedent by declaring what he termed a "joint caucus" of the House. It meant Republicans and Democrats, instead of recessing behind closed doors in separate meetings, sat in their assigned seat and heard Andrews speak from the rostrum.

"The affairs of state are no longer a part-time seasonal job," Andrews told the cheering House.

He said immediately steps should be taken to bring the salaries of lawmakers "into some logical relation with responsibilities imposed upon members."

### Stand And Applaud

There were wild cheers when Andrews concluded. Then House members, in a rarely used mark of approbation, rose to their feet to continue their plaudits.

No one would admit any connection but shortly after this demonstration, the House defeated a proposed constitutional amendment to permit the governor to succeed himself in office.

The vote was 93-79 for the proposal but it failed because it lacked the constitutional majority of 106 votes. Thirty-six members were absent from their seats when the vote was taken, most of them Democrats.

The House Democratic leadership, however, moved for reconsideration of the measure. Their maneuver succeeded and then plan may come up for another vote next week.

### Probe Patient Treatments

On another front, the lawmakers completed authorization of an investigation into charges of mis-

treatment of patients at the Laurelton State Village in Union County, an institution for mentally deficient women.

Four senators and four House members were named to conduct the inquiry.

The Senate passed yesterday and sent to the House a bill prohibiting abandonment of refrigerators and ice boxes without the doors first being removed.

The legislation has attracted more telegrams, letters and post cards here than any other single bill. It is supported by women's clubs as a means of cutting down deaths of children playing in abandoned refrigerators.

The idea of increasing the compensation for lawmakers first occurred in the Senate Democratic caucus last week. Overtures to the Senate Republican caucus brought favorable response.

Sen. John H. Dent, Senate Democratic leader, then went into a conference with Leader Tuesday and came away with the word that the governor was against it.

Republicans said they planned to do nothing, pointing out that it is a Democratic responsibility since Leader is a Democrat.

Legislators get \$1,500 a year in salary and \$1,800 annually as an expense account.

Dent called for a Senate study of the salaries of lawmakers and picked five other Democratic senators to help him on the project. They are Sens. Frank W. Ruth (Berks), John J. Haulska (Cambria), Jo Hays (Centre), Elmer J. Holland (Allegheny) and Anthony J. DiSilvestro (Philadelphia).

Three House members — Reps. Adam T. Bower (R—Northumberland), Martin C. Mihm (D—Allegheny) and George J. Sarraf (D—Allegheny) — were designated to confer with the Senate group.

## CHILDREN MAY GET VACCINE

HARRISBURG (P)—State health officials today readied plans for possible inoculation of 456,000 first and second grade children with Salk polio vaccine after April 1.

Dr. Berwyn F. Mattison, state health secretary, said:

"We don't know yet whether the Salk vaccine is effective but we must make our plans for possible usage to protect as many children as possible before this year's polio season."

The free injections of the vaccine, developed by Dr. Jonas E. Salk of the University of Pittsburgh would be supplied by the National Foundation for Infantile Paralysis.

### Report Weighed

A report on the effectiveness of the vaccine, administered to thousands of Pennsylvania children last year, is being weighed by Dr. Thomas Francis Jr. of the University of Michigan.

All children who participated in the test groups in Mercer, McKean, Centre and Clinton counties and who did not actually receive vaccine also would be inoculated if the serum is found effective, Dr. Mattison indicated.

Half the children in those counties actually received the vaccine last year; the other half received a harmless substitute and served as a control group.

Sweden reports that a record 339,769 non-Scandinavians visited there in 1954, most from Western Germany (103,545) with Americans second (65,876).

Democratic leader, said he still intends to introduce a measure to provide a \$3,000 annual salary for lawmakers on the chance that annual sessions of the Legislature might become a reality.

The bill would not change the present expense payments.

# DEMOCRATS MAY COMPROMISE ON TAX CUT PLAN

By JACK BELL

WASHINGTON (AP)—Senate Democrats were reported tinkering today with a compromise proposal to combine a \$10-a-person income tax cut with other revenue law changes. But Senate Republicans remained set against any tax reductions now.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, called an afternoon news conference to disclose details of a minority report by six Senate Finance Committee Democrats who supported a House-approved \$20-a-person tax reduction rejected by that committee last week.

From other quarters it was learned the six—including Johnson—have been discussing a compromise proposal to lump a \$10 cut with repeal of both the dividend income credit and accelerated depreciation allowance voted by Congress last year.

## GOP Opposed

However, Chairman Bridges (R-NH) said a canvass by the GOP Policy Committee indicated his

party's senators were "practically unanimous" against the \$20 proposal or any compromise for it. So far, Sen. Langer of North Dakota has been the only Republican to come out for the Democratic plan.

Chairman Byrd (D-Va.) of the Finance Committee said he is going down the line against any tax reduction. He said he foresaw no successful compromise proposal. Sen. Knowland of California, the GOP leader, predicted the Senate will reject all compromise proposals "by a substantial vote."

Johnson said the Senate will take up the bill tomorrow under an agreement not to begin voting until Monday at the earliest.

## Before Excise Drop

He predicted a tax measure would be laid on President Eisenhower's desk "days" before the scheduled April 1 drop in corporate income and excise tax rates. Both House and Senate bills would postpone the drop for a year, saving about three billion dollars in revenue.

The proposed \$10 cut would cost the Treasury about \$1,100,000,000 annually. But by repealing a special \$50 tax exemption effective on stock dividend income this year, Democratic strategists figured about 360 million dollars of this loss would be made up.

Furthermore, an estimated 364-million-dollar revenue loss is ex-

# Betty Hutton Is Honeymooning Again

LAS VEGAS, Nev. (AP)—Betty Hutton is honeymooning today with "the right kind of man." He's Alan Livingston, record company executive.

The bouncy blonde comedienne, singer and actress was married to Livingston yesterday by Dist. Judge Frank McNamee. It was her third marriage.

Miss Hutton gave her age as 34 and Livingston said he was 37. He obtained a divorce only five days ago in Acapulco, Mexico, from Mrs. Elaine Livingston, who divorced him Feb. 24 in Santa Monica, Calif.

Miss Hutton divorced dance director Charles O'Connor in Las Vegas Feb. 21 and also won a California interlocutory decree last July 1. Both California decrees would not become final until a year after they were granted.

pected this year in speeded-up depreciation allowances on new plant and equipment. Tax specialists said this loss would mount much higher next year.

Reports from Poland indicate that artificial eyes are on the black market, sailors bringing them in are selling them for high prices.

# LAURELTON TRIP TO BE DISCUSSED

HARRISBURG (AP)—An eight-member House-Senate committee will meet next Monday to decide when to begin an on-the-spot investigation of conditions at Laurelton State Village.

Rep. Albert S. Readinger, House Democratic floor leader, said the investigating committee should be "unbiased" in its work since it includes four Democrats and four Republicans.

With final approval granted by the General Assembly Tuesday, these members were named:

Sens. Albert R. Pechan (R-Armstrong), Robert D. Fleming (R-Allegheny), William Z. Scott (R-Carbon) and Miles R. Derk (D-Lycoming) and Reps. David M. Boles (D-Allegheny), Leon J. Kolkiewicz (D-Phila.), Nicholas Kornick (D-Fayette) and Edwin W. Tompkins (R-Cameron).

## Charge By Secretary

The investigation is an outgrowth of charges by Welfare Secretary Harry Shapiro of "inhuman treatment" in a detention building at the Union County institution for defective women.

Republican Sens. Fleming and Samuel B. Wolf (R-Union) asked for the investigation in the "in-

# Retiring Bus Driver Says People Are Good

WORCESTER, Mass. (AP)—Retiring after 47 years of bus driving William N. Wall, 68, says, "On the whole, people are very good."

Wall has a specially good word for the early-morning commuter, but not for the woman automobile driver.

"I always preferred riding with people going to work to those who were shopping or going to a show," he says.

As for drivers—he considers men far superior. "You're never sure," says Wall, "what most women will do."

His starting pay was 20 cents an hour for a nine-hour day, seven days a week, but he raised a family of nine children.

Although Fleming was named to the committee Wolfe was left off because he "could be biased," Pechan said. The institution lies in Wolfe's home district.

Pechan, who will head the four senators in the group, hailed the committee as a "very good selection" and said all aspects of the controversy will be studied.

## "Hide No Sins"

"I'm not going to hide any sins for anybody," Pechan, who is Senate Republican assistant floor leader, said.

Politically, the committee is split down the middle with four Republicans and four Democrats. That is because the Senate, controlled by Republicans, named three GOP members and one Democrat, while the House, with a Democratic majority, named three Democrats and one Republican.

Consequently, the committee's report must be unanimous, or if there are differences over conclusions, at least one member must side with the opposite party members to write a majority report.

## WOULD SUSPEND LICENSES BY POINT SYSTEM

HARRISBURG (AP)—A point system for the suspension of motorists' licenses would be established under a bi-partisan measure before the Senate today.

Under the bill, introduced Tuesday, each traffic violation would cost the motorist a certain number of predetermined points. An accumulation of 10 points would lead to a 30-day suspension of license suspension.

An accumulated 20 points would mean suspension for 30 to 60 days and 30 points would bring a 90 to 180 day suspension. A third suspension within a three-year period would actually become a revocation.

Sen. George N. Wade (R-Cum-

berland), chairman of the Senate Highways Committee, said the measure was suggested by various automobile clubs of the commonwealth.

It would replace the present automatic 90-day suspension effective on one conviction of speeding.

**Varied Suspensions**

Under the new plan driving 70 miles per hour or more in a 50-mile speed zone would be a 10-point violation and bring a consequent 30-day suspension. A driver convicted of traveling between 50 and 70 miles per hour would receive five points. Minor violations would bring fewer points.

Co-sponsors of the bill with Wade are Sens. John H. Dnt (D-Westmoreland), Joseph M. Barr (D-Allegheny) and William Z. Scott (R-Carbon).

A Republican bill already before the House would set up a different point system with the same general aims.

Other new Senate bills would:

### STITCHED TO CELL

GREENSBORO, N.C. (AP)—Leroy Wayne, convicted of cutting a woman, was up for sentencing.

"How many stitches were needed to close the wound?" asked Judge W. H. S. Burgwyn.

"Eight, Your Honor," the woman replied.

"Eight stitches, eight months," the judge ruled. "Next case."
